The Beat Is Alive

The beating of the school was heard all year. Throughout the halls, classrooms, and breaks, the rhythm of high school life was happening. Everyone was a part of the beat.

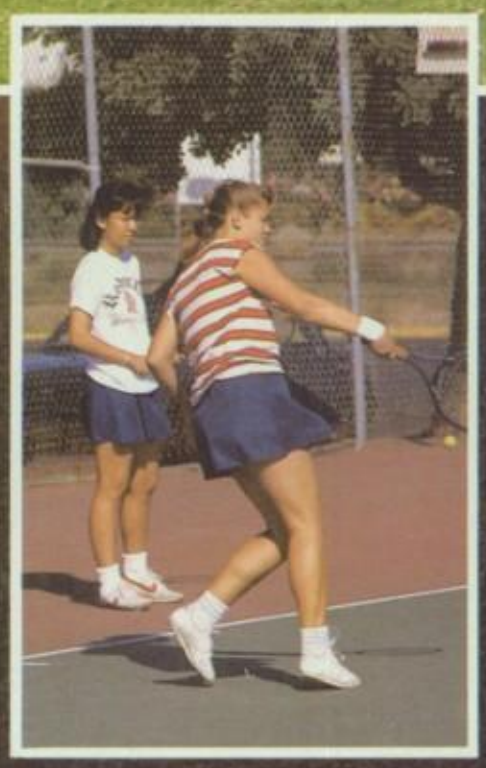
In the halls, a symphony of lockers being pounded open and slammed closed were constantly resounding everywhere. Friends congregated together to run to their next class. A few stragglers tried to beat the tardy bell.

In the classroom, the bell brought everyone to attention. The rustling of papers indicated people still trying to finish their homework. A squeak of a pen on the board announced more homework being assigned. After more bells and lockers, it was time for lunch.

Money jingling in the pocket was one important noise. Without it there would have been no food around to satisfy the stomach.

People sat together to find out the latest gossip and to spread some of their own. Thanks to A.S.B. Popular tunes filtered throughout the school for everyone to enjoy.

After class time, socializing, and just getting from one place to another, there was no time to sit down and relax. Some type of activity was continuously happening. Mount Miguel was alive and kicking.



Caught Up in the Action

When was there ever time to eat, sleep, and study? At Mount Miguel so many activities were available, such as sports, clubs, and after school activities all year long. To participate in the many activities surrounding the school, the only requirement was to give up some time to make the effort.

If you were part of a sport, many hours were spent perfecting techniques that set Mount Miguel apart from other schools. Energy was drained out of a student but it was worth the effort. Satisfaction came when a game was won, a first place in a race, or just from kicking a successful goal. Moments such as these could never be replaced.

Numerous clubs were scattered around the school. By sparing a lunch, people were able to socially and academically intermix and learn new and more exciting things not offered in the classroom. If you still had time available, many school sponsored activities were available to the student body. Football games, dances, and amusement park trips were a small selection of the many activities offered throughout the year. A scorched trail of progress was left behind by the achievements from Mount Miguel's active student body.

The Pressure Is High

Do you remember the large amounts of homework and cramming for a test the night before? These were only a few of the pressures that Mount Miguel students had to face. Some other stressful things that students had were hard class schedules, family responsibilities, jobs, and peer pressure. Responsibility after responsibility were placed upon the student's shoulders.

How did we survive? The academic year was an intensive time. Hours of concentration in classes were spent in order to maintain grades. Deadlines for reports, tests, and colleges, strained many students. Relief seemed around the corner but it was often hard to reach. During this time, high school would have been unbearable if caring and understanding people had not been out there. If any problems, social or academic, were too large to handle, friends, parents, and faculty unselfishly leant a helping hand out. This was graciously accepted. Both good and bad experience helped us to grow and learn more about life.

The Heat Is on You

How did it feel to be a Matador? This was no easy question to answer. The people on this campus made the average Matador a complex person. He was often involved in many activities, a good student, and someone who took pride in the school. Everyone fit this mold but ideas and individuality made the difference.

The one place to survey the large assemblage of unique people, was the quad. This large area was usually a square of concrete until people filled the area. Grass lawns were packed full of faces. The red and black stairs were a place to congregate and associate. In every available space something was happening.

The people who filled the quad made Mount Miguel special. People made statements of belief and ideas with appearances. Others showed spirit and pride by displaying their red and black. Many more were helpful, cheerful, and showed dynamic personalities that everyone recognized and enjoyed. This was one aspect of the high school year that made it the best place to be. The Matadors had what made Mount Miguel distinct from the rest.

Flames Are Burning Higher

The Matadors had an intensity that electrified the year. Spirit, pride, and confidence were only a few traits to describe the year. Once the students were fired up, it was a blaze that water could not extinguish.

In all aspects, Mount Miguel excelled above other schools. Our name had left a trail throughout California. The award winning band displayed the pride of the Matadors by bringing home several awards every weekend. Verbalizing our talent, the speech and drama team articulated the superiority of Mount Miguel students by also bringing home awards. Sports also enliven the school by winning. Every activity was a reflection of our school and the attitudes expressed outshone in the district.

In the effort displayed to be on top, everyone was a part of the achievement received at Mount Miguel. One person could not do it all but only as a team, a group of people willing to succeed. This was the general attitude of all Matadors and the dream happened. These achievements shall always glow in the future.

The Hottest in

FADS AND FASHION

CASUAL

Remember the times when your mom dressed you up in little green polka-dotted polyester suits? Times have changed and there are way better things to wear nowadays! Christina Milne, Mirasol Espanola, and Alisa Corral model the latest in casual wear for us. Acid washed denim outfits (also known as stone washed or iced denim) came out this year and became a big hit. Senior sweatshirts were a hot item among the Mighty Class of 1988, and warm, over-sized sweaters were popular among the students during the winter. Would you wear these outfits or polyester bell bottoms?

SURFER

Summer Morse and Chris Berk have a blast just showing off the hottest outfits in surfer wear today. Bright clothing that had popular labels such as Town & Country, Gecko, Gordon and Smith, Rip Curl, and Bongo became even hotter in fashion that before. Every morning the true surfer dressed up in their beach clothes (no matter what the weather was like) and went to school . . . or did they?

DRESS TO IMPRESS

How would you dress to impress someone? Would YOU dress up in a bright disco dress shirt or maybe a nice itchy pair of polyester bell bottoms? It might attract attention, but it sure wouldn't impress anyone! Shirley Castillo and Jason Ridgeway suggest a nice silky black outfit and a double breasted suit. That'll do the trick of impressing the person you want!

ACCESSORIES

Belts, bracelets, necklaces, earrings, gloves and even watches are just a few of the accessories you can use to enhance your wardrobe.

SHOES

Shoes . . . Ah, the comfort of life. If not for our shoes, our outfits wouldn't have that "finished look." Flats and boots for the ladies were a hot hit while the high tops and dress shoes were still popular among the guys.

EVENING WEAR

Think of the Sweetheart's Ball or the Prom . . . how were YOU going to dress? Not faded jeans! Esther Gomez and Levonne Foxworth knew how to step out in style with an elegant black formal style mini and a distinguished classy suit. There was better way to give the night a touch of class!

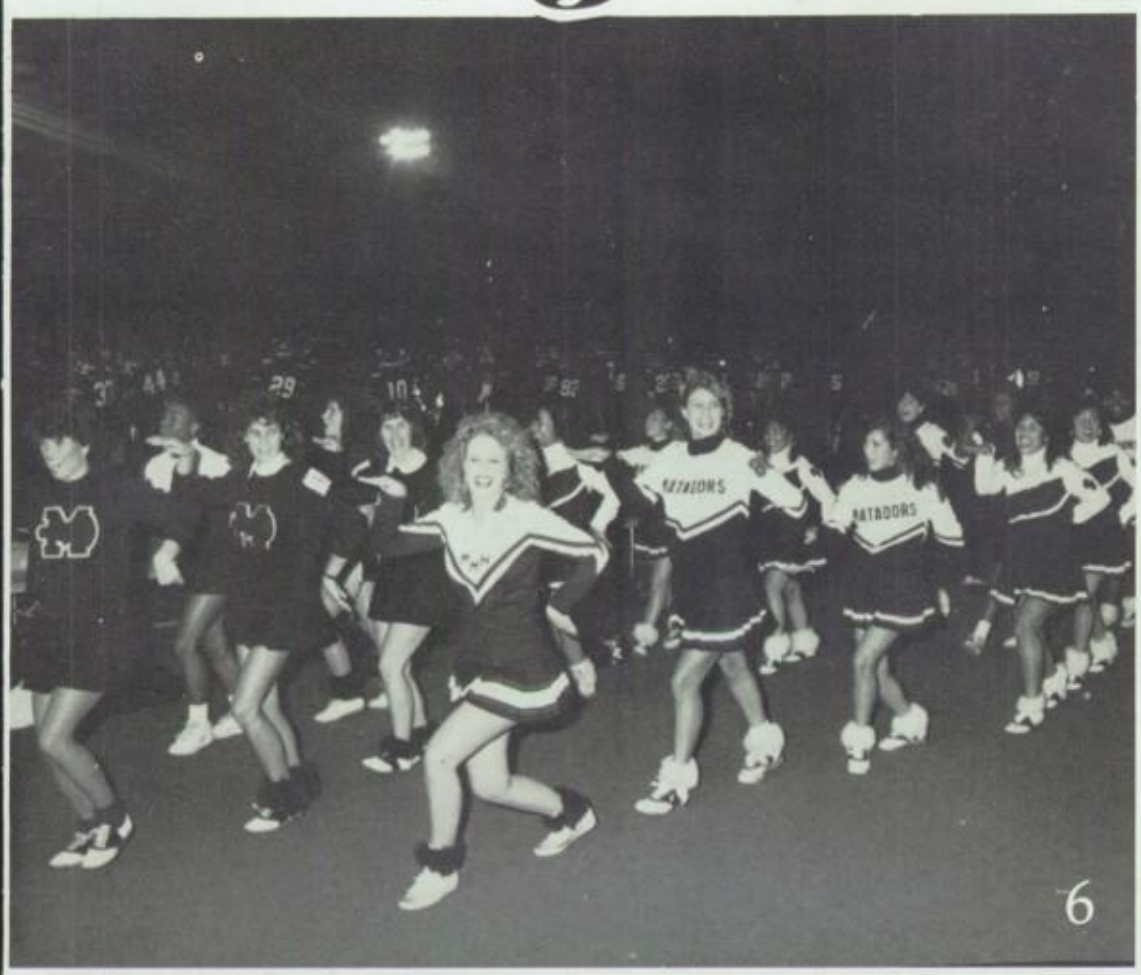
Mt. Miguel History

Homecoming 87-88

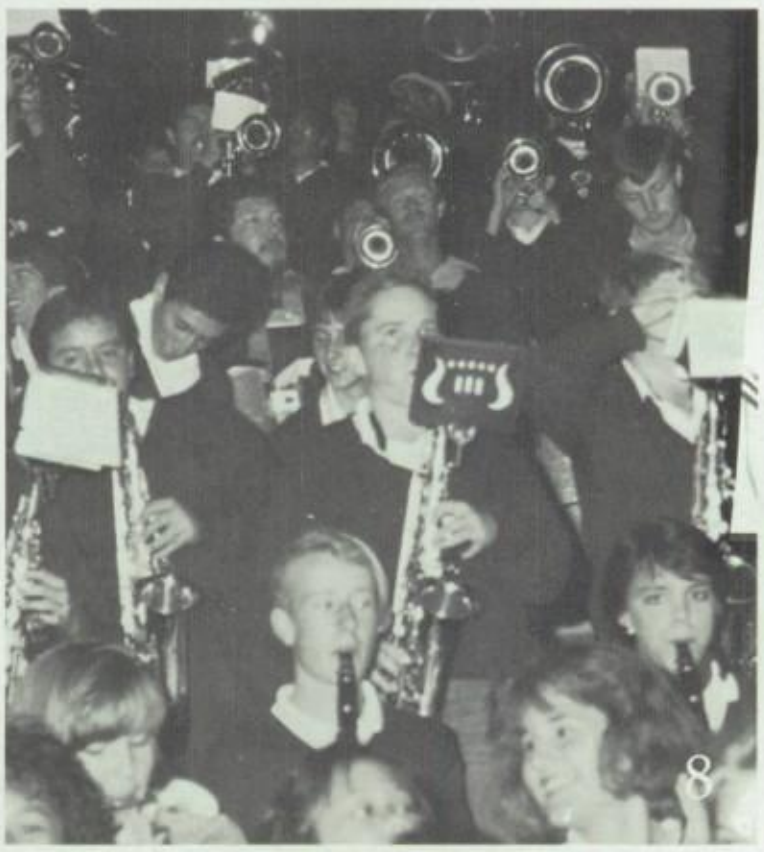


One of the biggest annual events at Mount Miguel is homecoming. This year's homecoming was a very special event unlike those in the past. It was unique in that Mount Miguel commemorated the bicentennial of our constitution.

Homecoming is a traditional week long celebration. This year's activities consisted of dress up days such as Toga Day, Opposite Sex Day, Hippy Day, and Spirit Day. As usual the floats were judged prior to the football game. The sophomores shockingly came in first place with "How the West was Won," followed by the seniors with "Man Landing on the Moon," Then the freshmen took third by honoring the Statue of Liberty, and the juniors were given fourth place with "The Birth of Rock and Roll."

The defeat of our archrivals, the Monte Vista Monarchs, was a great event. With a score of 35 to zero, the Matadors remained undefeated. But the night couldn't be complete without the naming of the King and Queen. Lesha Montoya was crowned by the former Queen Susan Lily during half-time. Then in the middle of the dance the previous King Brent Wakefield crowned Kevin Jones.

In all, Homecoming 87-88 can be marked down as "A Great Moment in Mt. Miguel History."



1. Varsity players root on their fellow teammates during kick-off.
2. Aaron Keil, a homecoming candidate, participates in a class competition.
3. Matador spirit is shown by an array of colorful posters along the home side fence.
4. Kevin Jones, Carla Custudio, and Victory Bracamontes display their costumes for Opposite Sex Day.
5. Front line halts the parade for a momentary drill movement.
6. Alumni and present cheerleaders unite in cheer to boost up the crowd's spirit.
7. Mistress of Ceremony, Leianna Smith, announces the top five candidates for King.
8. The band peps up the crowd better than ever with the help of alumni band players.
9. Jackie Troxel and Melanie Cunniff wait for the seniors' homecoming ballots.
10. The queen coronation was done during half-time with the Mistress of Ceremonies, Carla Custudio.

As usual, the homecoming dance was crowded as ever with the music of Party Sounds.

The class of 91 prepared themselves for their immigration into New York.

MARCHING

Pride, determination, desire. Those three words had deep meaning to the Mount Miguel Marching Matadors. It was this enthusiastic Matador spirit that enabled the band to march its way to the top and earn the much deserved title of "The Best Band in the Land."

The band's many achievements included numerous sweepstakes awards and a first place in the Fourth of July Parade in Washington D.C. last summer. Also, the band was asked to perform in the World of Pageantry's Hawaii Invitational "International Music Festival" last spring.

Mr. Roy Anthony, the band director,said this about the band, "They are a wonderful bunch of students that I enjoy working with and I am looking forward to their continued progress."

Good luck to the Marching Matadors, who represent the spirit and pride of Mt. Miguel.

MIL MEMORIAS STAFF

Hot Stuff

This year the Mil Memorias yearbook staff spent countless hours putting together a hot and exciting yearbook that everyone can be proud of. Many hours were spent creating layouts, taking pictures, and writing captions and copy that would express the true image of the Matador spirit and pride.

Editor-in-Chief Leslie Ringo spent many hours creating layouts, and sharing her knowledge and leadership skills with the staff. Assistant Editors Angie Ambrose and Leianna Smith put their talent to work by checking layouts and copy, and answering the many questions that would often arise. Advisor Ric White gave his knowledgeable suggestions,and his constant smile that always kept the staff's spirits high.

The 1988 Mil Memorias yearbook staff hopes that you enjoy this scorching yearbook as much as we have enjoyed creating it for you.

Gina,

You are an odd person. You always seem stoned for some reason. Though it appears this way, you're still a nice person. Go as far as your will lets you. Don't stop for stupid shit on the way to your dream, cuz' setbacks are hard to recover from. I wish you the best. Enjoy your summer - PEACE '88

DANGER: SENIORS

Senior Class Officers: President: Sally Turla, Secretary: Mirasol Española, Treasurer: Shelly Ruelas, Vice President: Mike Codina.

Co-Advisors: Mr. Dalrymple and Ms. Edler

Explosive Spirit

Around us were the seniors, the walking time bombs of yesteryear. They were physically normal and mentally sane except for the severe case of fried mind, brain drain, and inverted eyes that had developed stressfully after their last chemistry test (No wonder Cindy Tolewitzke's experience in Chemistry was her most memorable moment in high school!). Poverty was blamed on costly traditions, life decisions, and "last minute shopping" — the prom, senior sweatshirt, the dreaded SAT, and those threatening college applications.

Of course, this "ticking" class of 1988 blasted explosive colors of sizzling, red-hot savvy all over the school with the leadership of our president, Sally Turla, the vice president, Mike Codina, treasurer Shelly Ruelas, and secretary, Mirasol Española, under co-advisors, Mr. Dalrymple and Ms. Edler. The traditional Senior Week was composed of classic days as "Nerd Day." An unbelievable Homecoming float, "Landing On The Moon," posed to be a danger to the underclasses as it cruised on the track.

What does a mature senior do after school? April Spry honestly stated that washing her car after she had spent all her ATM money at the store was her whole afternoon.

The Senior Class of 1988 spelled danger and nothing could stop it from trying to be elite.

At lunch, Seniors "talk away till kingdom come."

The European History Class wears "spirited pride."

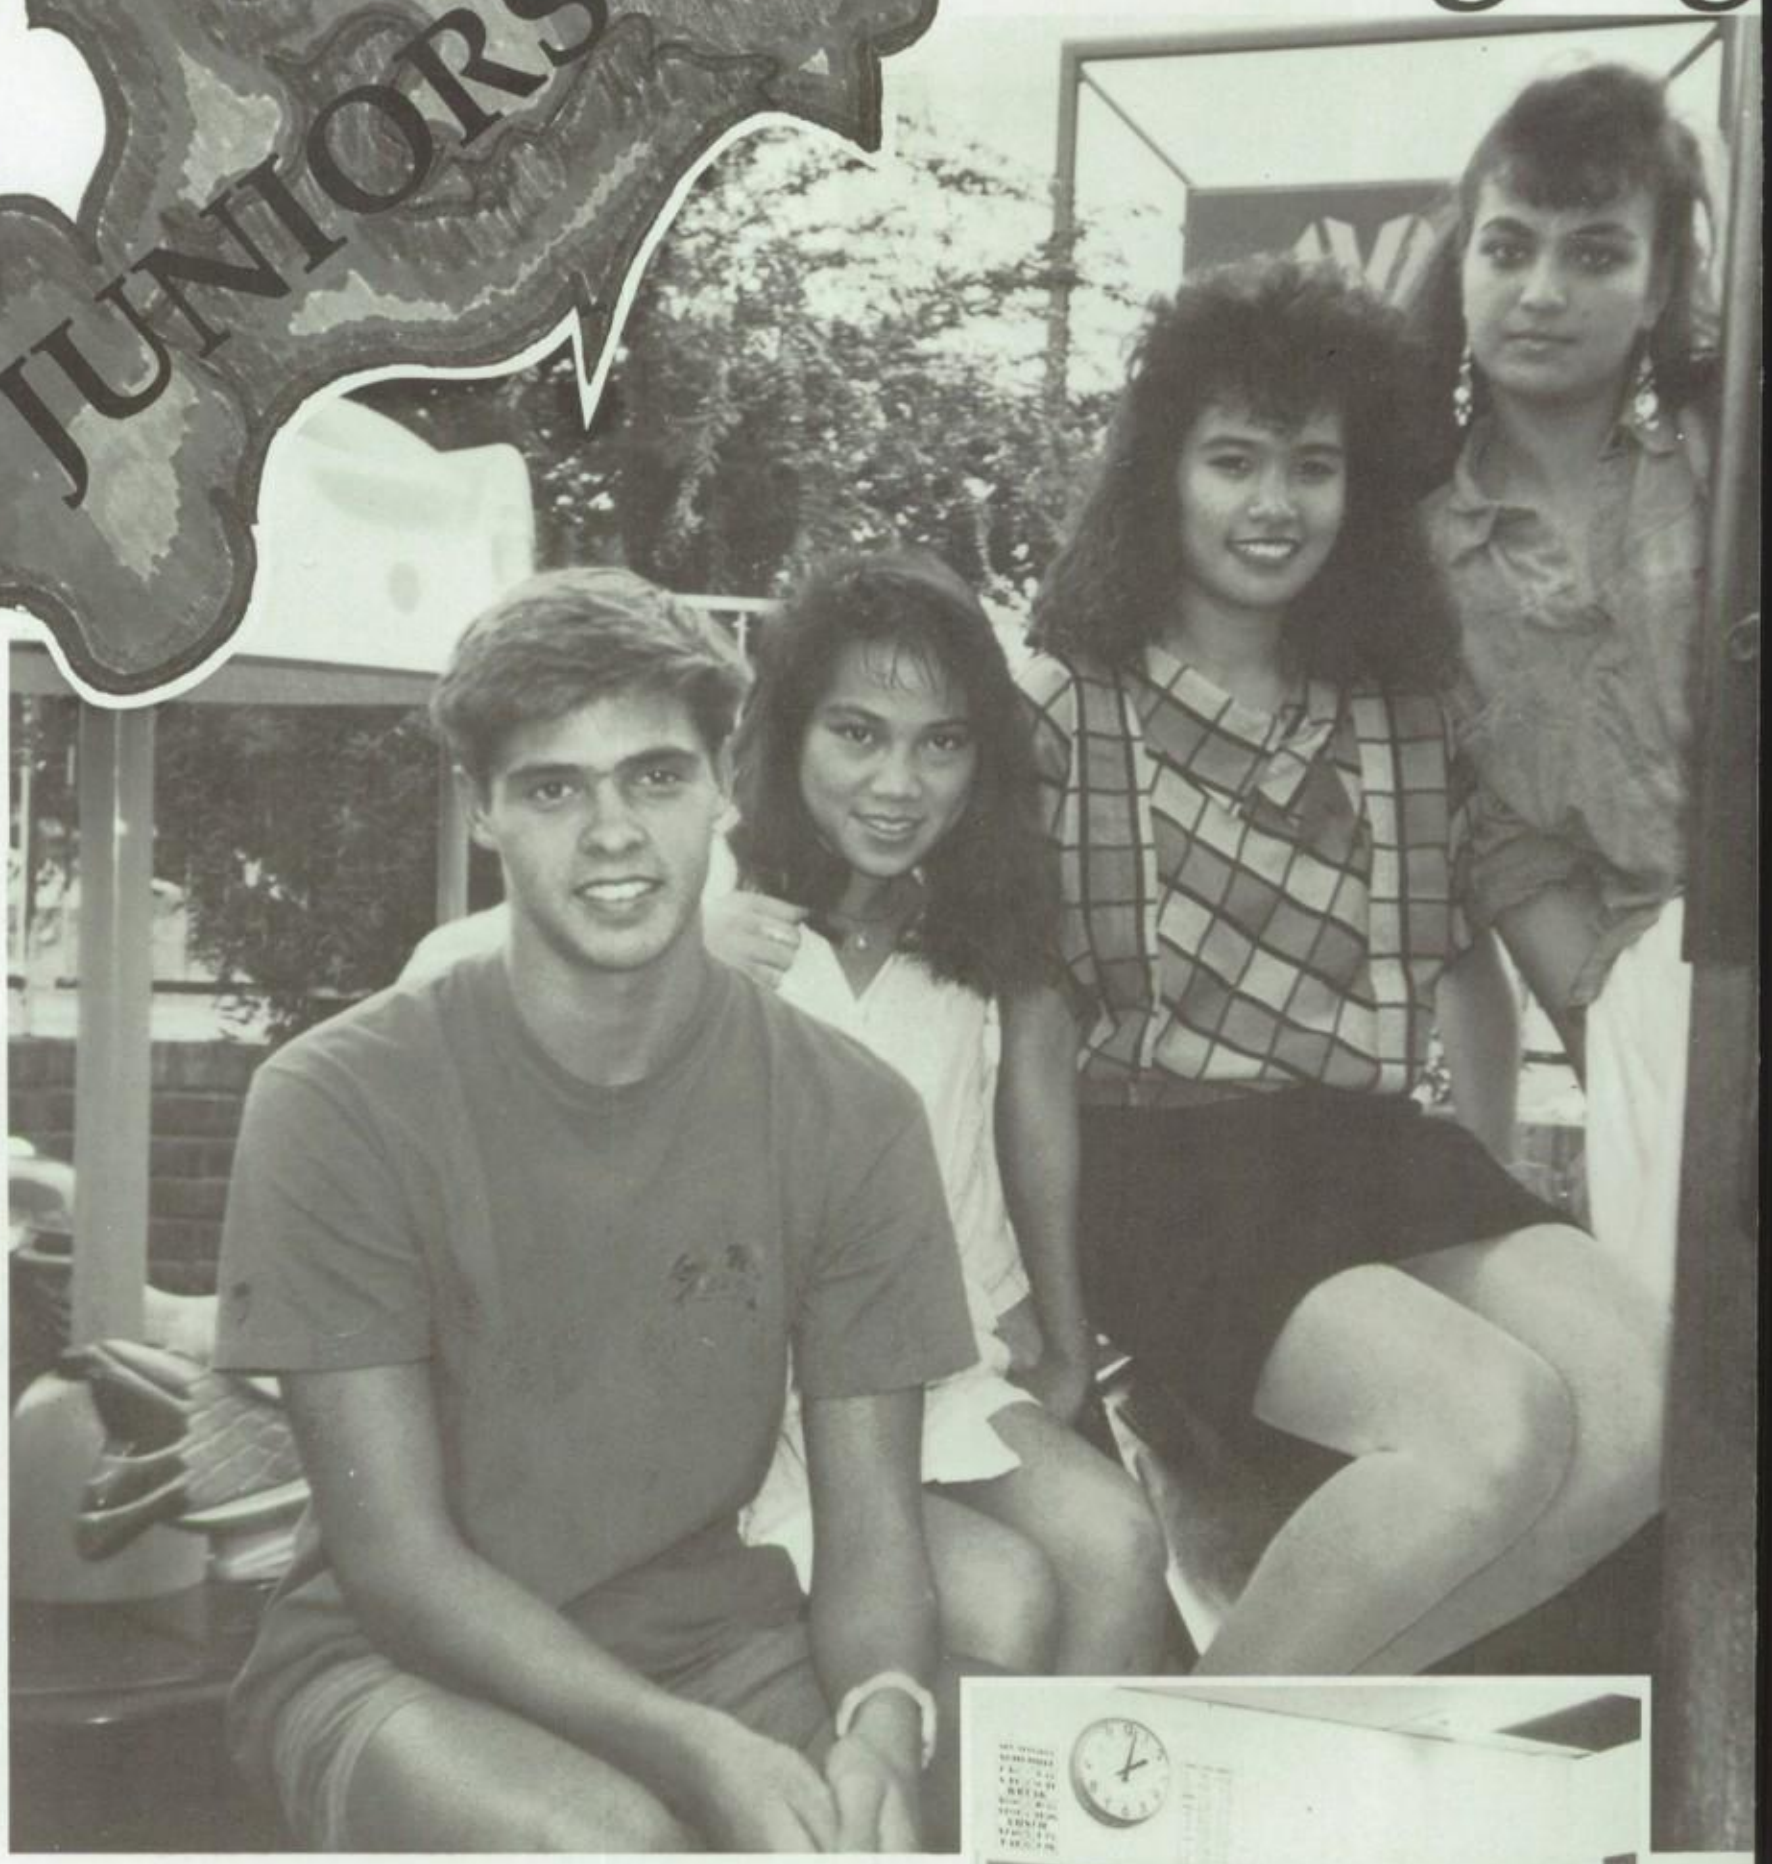
JUNIORS

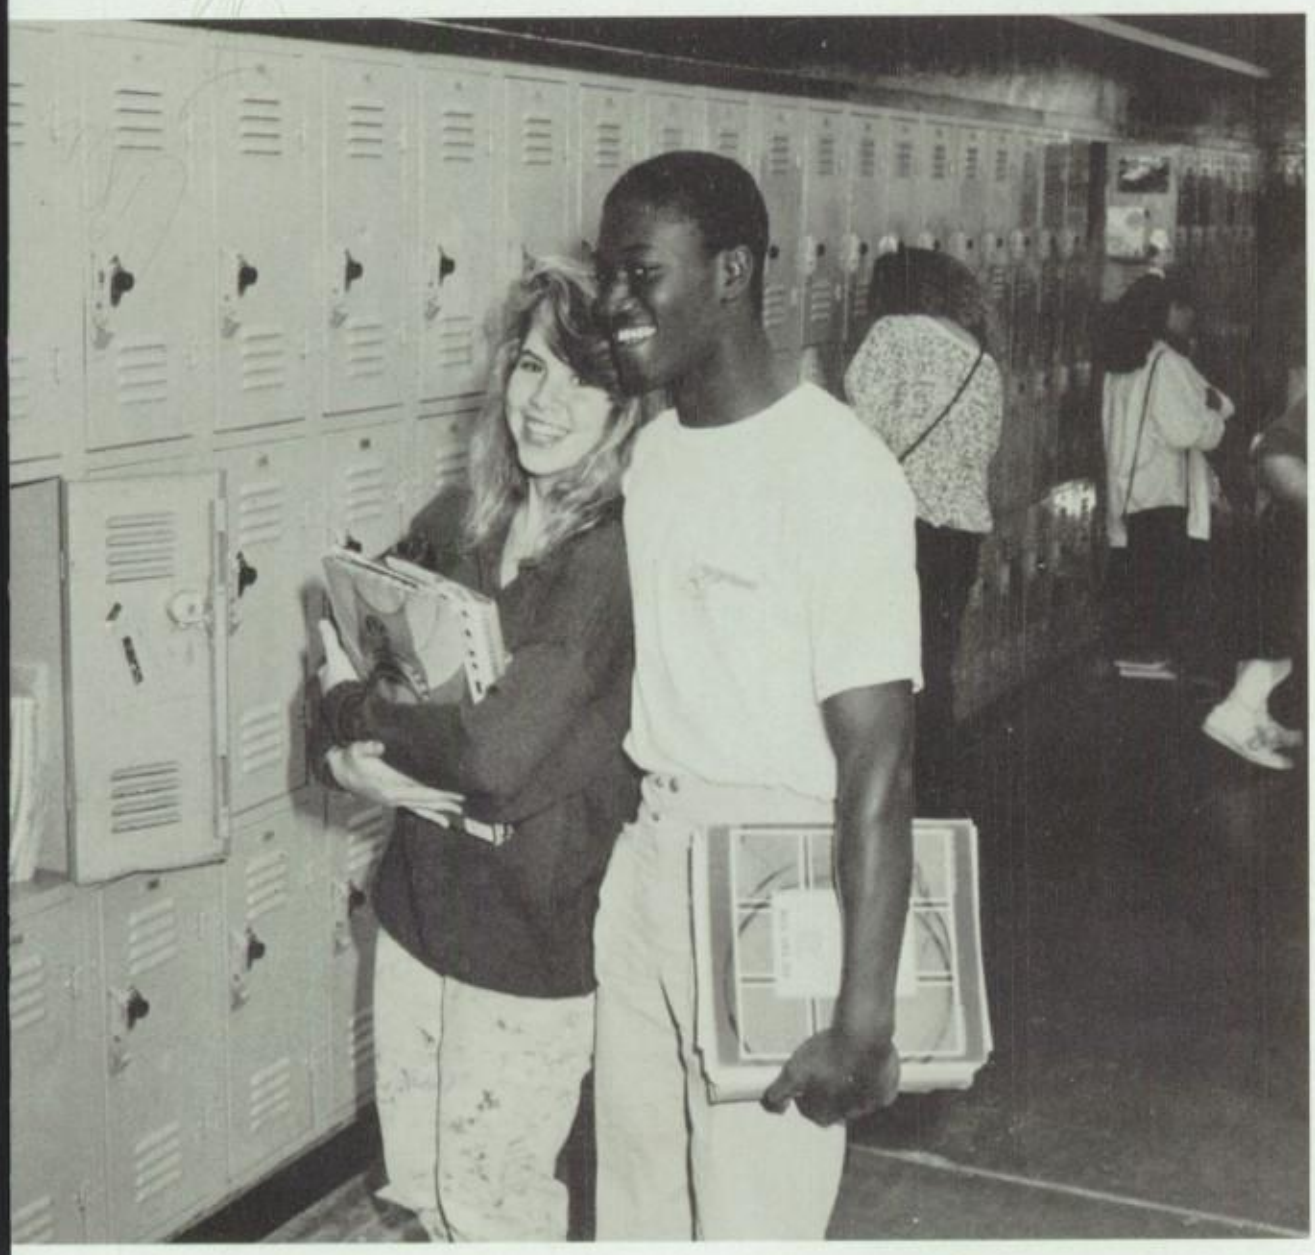
Raging



Junior Class Officers, Left to Right: Treasurer: Peter Berk, Secretary: Hien Nuygen, President: Jenifer Canillas, Vice President: Laila Nayab.

Advisor: Mr. Madigan.

With Intensity



The Junior class bubbled over with spirit this year! They cooked up new ideas at every class meeting. Mr. Madigan, the class advisor, along with the four class officers: President, Jennifer Canillas; Vice President, Laila Nayab; Secretary, Hien Nguyen; Treasurer, Peter Berk; kept the students fired up about fund raisers that would support the various Junior Class activities like the spring Magic Mountain trip and their homecoming float.

The Juniors' brains were practically burned out from the hard work they put into their tough classes. Some of the hardest were U.S. History, chemistry or physical science, and one of the several math choices.

Not everything was extremely challenging to the Class of '89, FUN always came easily! Hard summer jobs paid for their new mode of transportation "THE AUTOMOBILE!" Many Juniors were able to drive (with their new licenses) to the many places where they could blow off steam such as football games, and some of their favorite spots like the beach, shopping malls, friends' homes, and we could not forget parties!

This year, the juniors were so HOT they sizzled! They took the heat, but kept their cool!

Juniors being themselves at lunch!

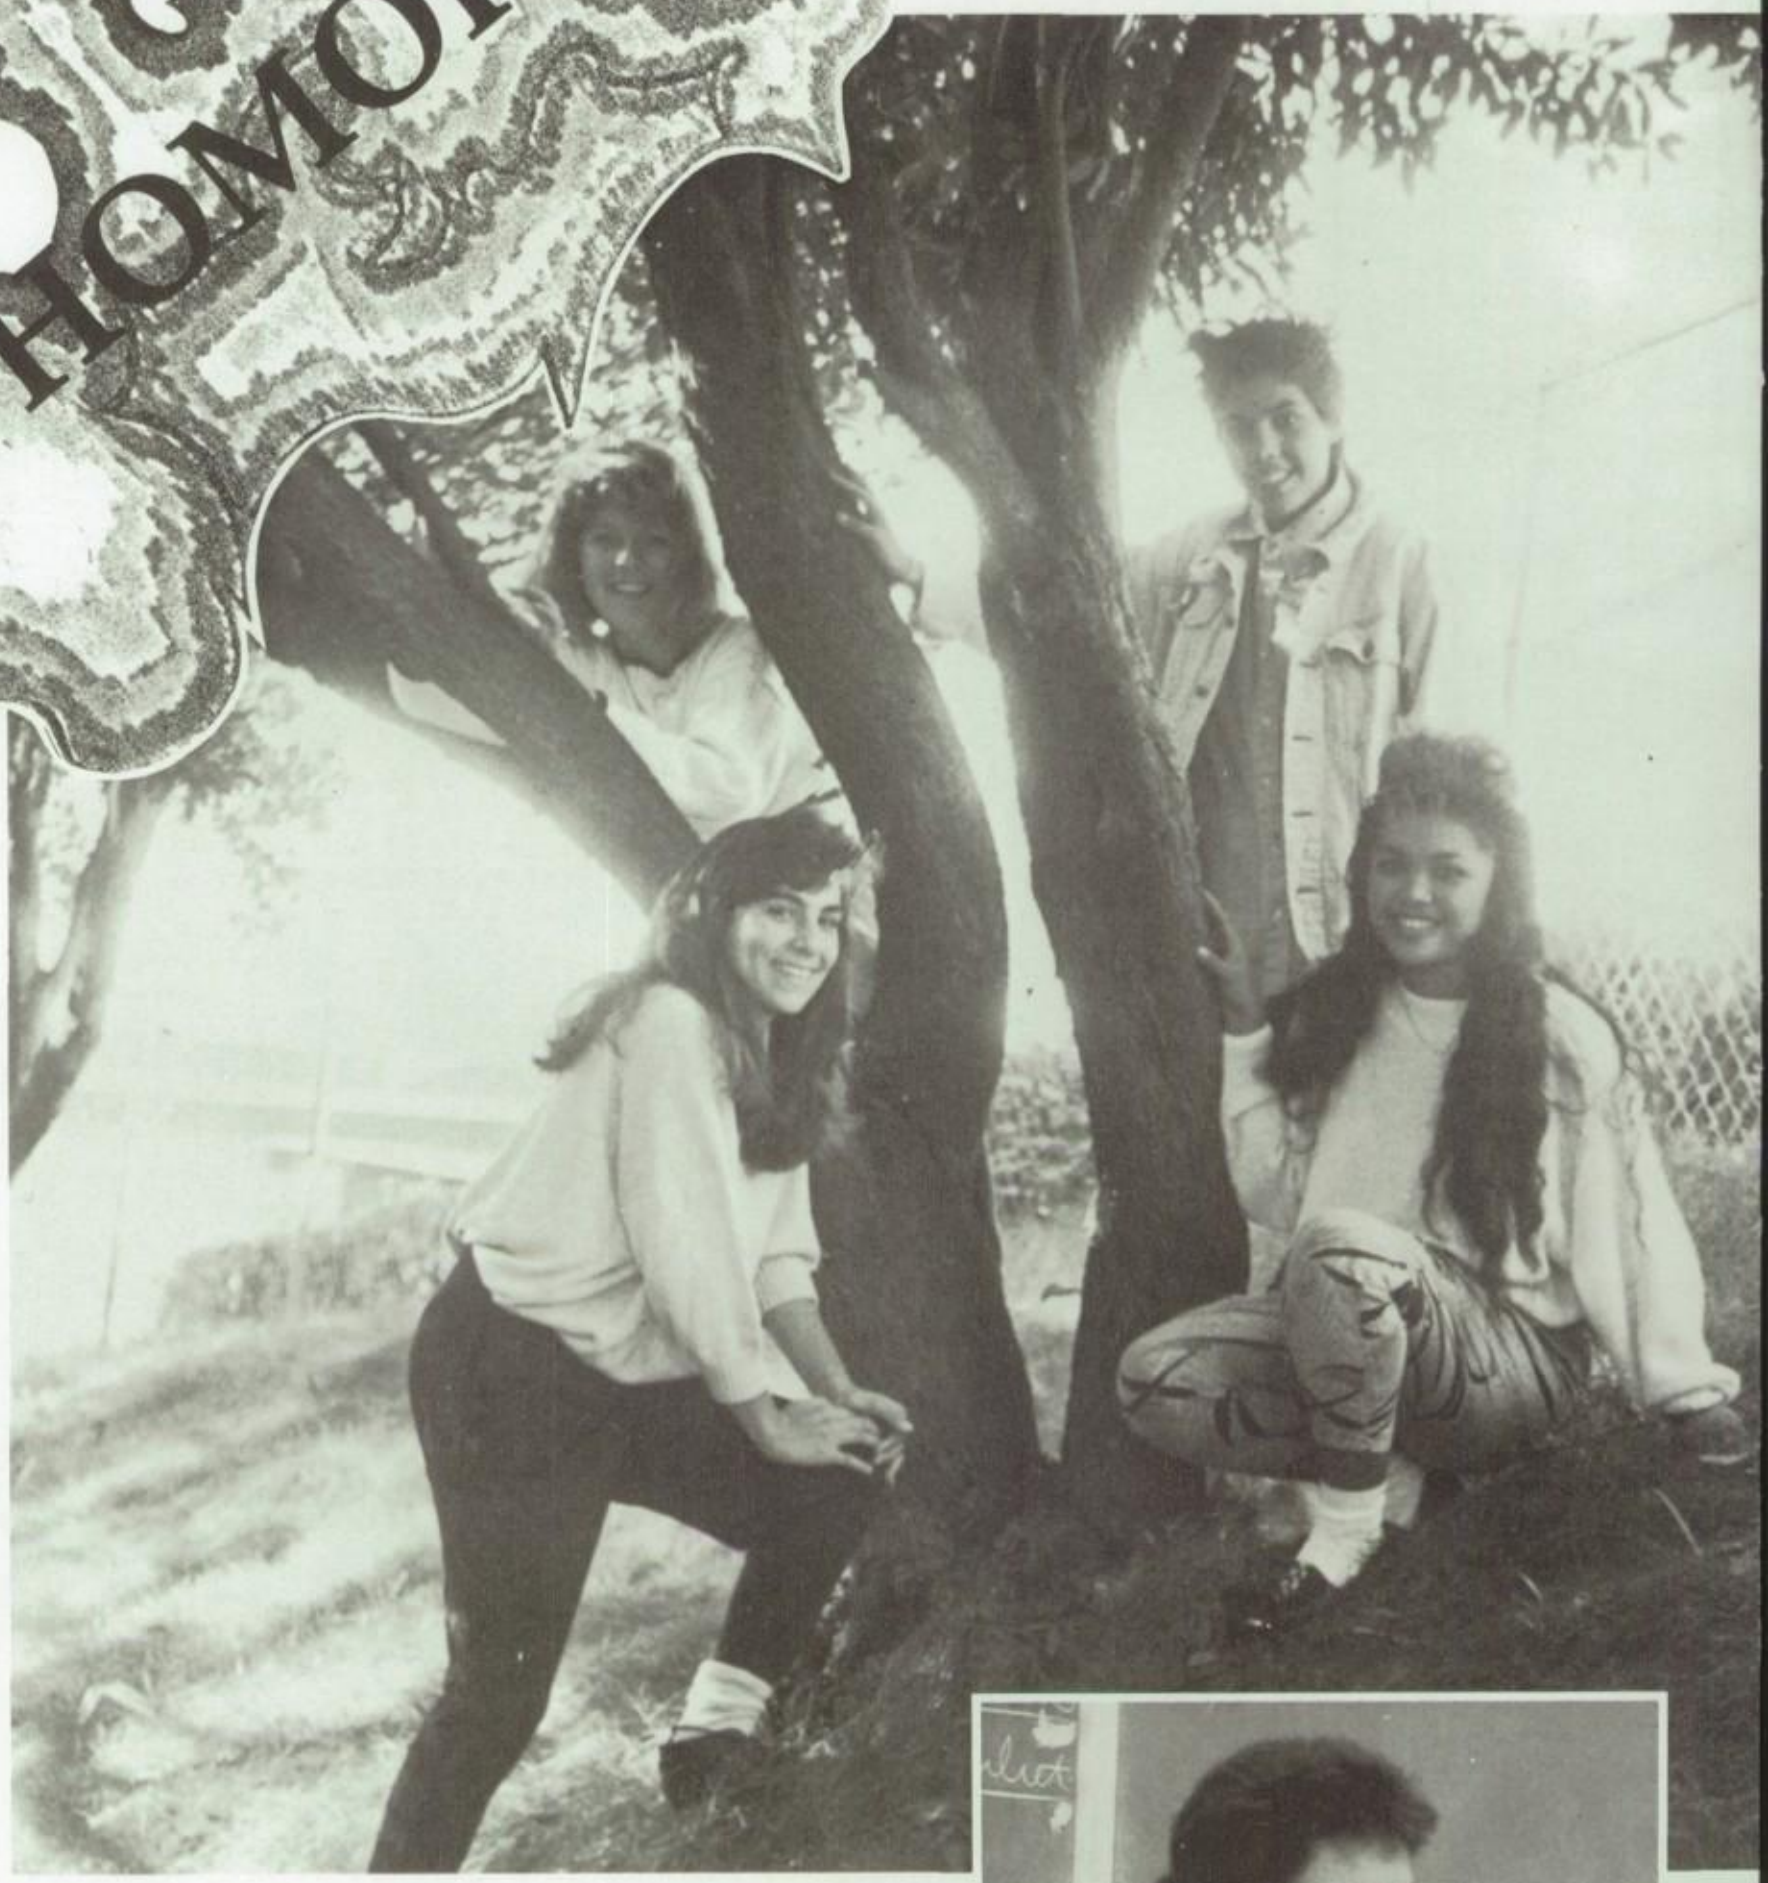
SOPHOMORES Fahrenheit



Sophomore Class Officers: President Amara Earley; Treasurer Alexea Ringo; Vice President Lusana Goldstein; and Secretary Joanne Bautista.

Advisor: Ms. Harber.

1990

The Sophomore Class of 1990 returned and was fired up, ready to face the many challenges Mount Miguel had to offer.

With the help of President Amara Early, Vice President Lusana Goldstein, Treasurer Alexea Ringo, Secretary Joanne Bautista, and of course, the spirited sophomore class, they had a great year. Without the time and dedication of the advisor, Ms. Harber, they couldn't have started the year off with such fiery spirit. Hard work and cooperation was put forth as the class stood together to make a float that showed everyone what they were made of and proud of. This year with a lot of participation from the sophomore students, many fund raisers, such as hectic candy sales and wet car washes, were held to raise money. The sophomores were able to help the class as well as have fun while earning money.

The sophomore class of 1990 worked hard and started out the year with a blast. They have proven, once again, that anything can be accomplished.

Brian Burke, Steve Godwin, and Mike Kohler dress up as their favorite music group, the "Fat Boys."

One, two, three, four, WE ARE SOPHOMORES!

Freshman Class Officers: Secretary Reem Radwan, President Emily Chapman, Vice President Michelle Hubbard, and Treasurer Joaquin Leon.

Advisor: Mrs. Lenore Wade.

the Heat

The Freshman Class deserves our praise for all they have contributed to our school. Their faces were seen everywhere: at club and class meetings, and dances; and they brought their enthusiasm and excitement to everything they did. Their spirit was apparent at football games, where they really did "come alive" during countdown.

Led by President Emily Chapman, Vice President Michelle Hubbard, Secretary Reem Radwan, Treasurer Joaquin Leon, and Advisor Mrs. Lenore Wade, the Freshman Class had a number of successful fund raisers. Among them were a carnation sale at homecoming, car washes, and the Freshman-Sophomore candy sale. Among their goals is to have a great Senior year with a fabulous prom. As Mrs. Wade said, "I'm always ready to help." She would like to build a feeling of class unity and pride. Knowing her and the winning attitudes of all the freshman students, they will achieve any goals they set.

If what we've seen this year holds true, the class of ninety-one promises to be one of the best this school has ever had.

Mt. Miguel says hello to the class of 1991 in a very big way!

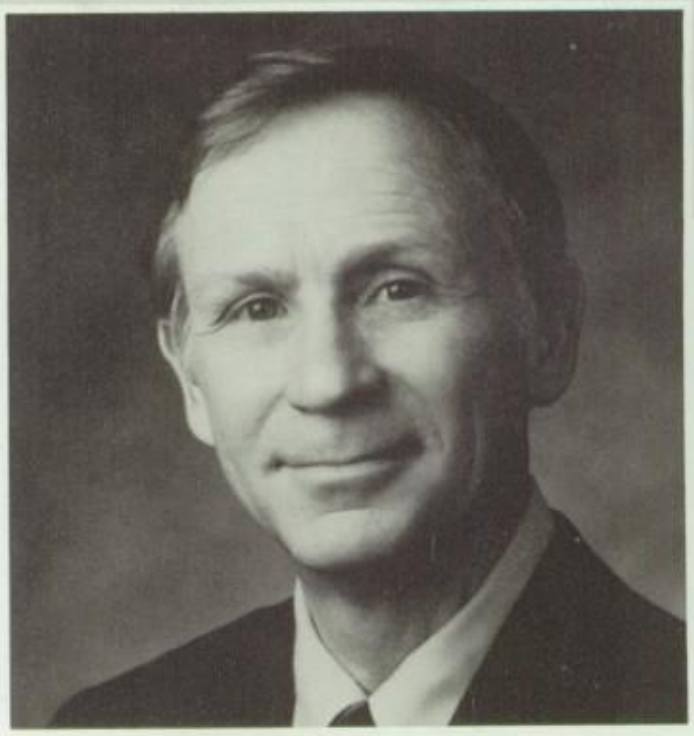
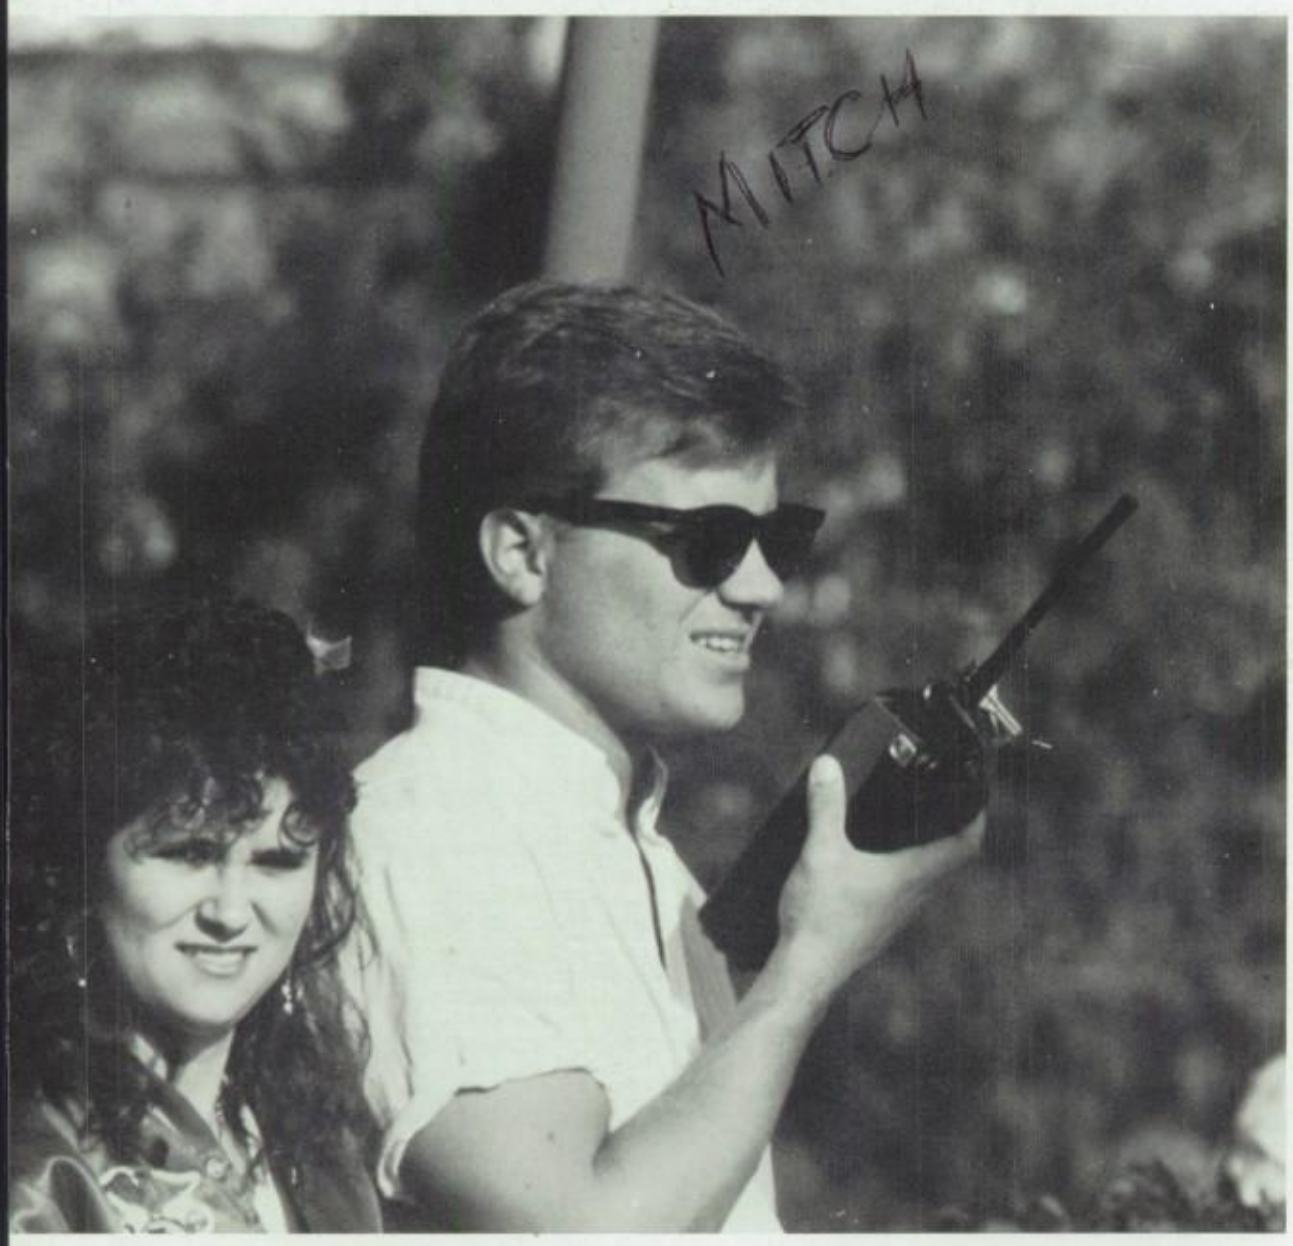
School Superintendent: Mr. Robert Pyle.



# of Inspiration



With a staff like ours here at Mount Miguel, there was no doubt that the 1987-'88 school year would be a great success.

Thanks to the fiery spirit of our dedicated Principal, Mr. Patrick Carroll, our Assistant Principals, Jane Beaman and Gerald Halterman, and our Administrative Coordnators John Slatinsky and Donna Richards, the year was immediately off to a terrific start.

This year the entire staff continued to eagerly share their knowledge through their teaching and friendships. Their hard work and dedication would always shine through each day as they mixed their outgoing personalities into their lessons.

Every teacher at Mount Miguel was always ready and willing to take that extra step and help us, whether it be in class or after school, it was obvious that our staff wanted us as students to get the best education possible.

Thanks to the hard working administration, faculty, and staff, the Matadors had another successful school year. A big thank you to the best!

Dr. Slantinsky exclaims: "Mr. Halterman did what!"

Campus aide Mitch Arnold communicates with another staff member to help keep things in line.

English

Romeo and Juliet, Charles, Of Mice and Men, The Scarlet Letter, MacBeth. Do any of these sound familiar?

English is a requirement for at least three of your four years of high school, and reading is a major part of the class. Novels, short stories, plays, and poetry are all included in the English curriculum here at Mount Miguel, and the staff in the English department is always eager and ready to share their knowledge of grammar, literature, and writing ideas.

Without the expertise and friendly attitudes of our teaching staff, English could be considered a long and difficult class, but luckily for us Matadors, we have a staff that really cares. Thank you to the entire English department for your positive ideas, criticisms, and time. You really are the best!!!

Social Science

"How many chapters do we have to read?" The social science teaching staff here at Mount Miguel is quite accustomed to the moaning and groaning of students as they are assigned the evening homework.

Teaching high school students about maps, government, U.S. and World history, family living, drugs, and sexually transmitted diseases is often a difficult job, but our staff is well educated and able to make the learning fun and easy to understand.

With the help of these teachers, everyone that graduates from Mount Miguel will be able to handle whatever society and the government hold in store for us in the future.

Mathematics

Math is one subject that most of us wouldn't mind forgetting. I mean who cares what the cosine of 2 pi equals, right? Well unfortunately it's a required course and it's impossible to get out of. However, with the terrific teachers that we have here at Mt. Miguel, it was a little bit easier. All of them made math more simple and a lot more fun. They taught it in a way that made you want to learn it, so give them some credit because that's a difficult thing to do. Thanks to them we can now face another year of math without quite so much dread.

Who wants to think about business while still in high school? The last thing we've got on our mind is learning how to fill out a federal tax form. But for those who want to get a jump on the rest of us, there are classes here for them. These ranged from basic and advanced computers to record-keeping. All of them helped students learn valuable skills that can be applied not only to business, but to everyday life as well. Learning the method for balancing a budget is an essential part of any person's life, and it's nice to know that such things are available at Mt. Miguel.

Science

"You want me to dissect what?! A worm, a frog, and a fetal pig?!" "Add the zinc to the hydrochloric acid? Are you sure?"

These are just a few of the phrases that caused moans, groans, and screams in the science department.

Teaching students about the anatomy of plants and animals, the periodic table of the elements, and why the sky is blue was a job that our highly qualified scientific staff did very well. Each of them showed how much they really enjoy their job as they conducted one of the many experiments that always looked so easy until you tried them.

So the next time you see one of our mad scientists, be nice. You never know when they might need a volunteer for their next experiment!

Spanish, French, or German, can you speak any of these languages? Well, chances are, with a foreign language required for graduation, you will before you graduate.

Because a foreign language class is a class that many students take because they have to before they graduate, our language staff had a very difficult job.

Beginning with the alphabet and the numbers one through ten, they built up to everything the English department taught grammatically, only in another language.

The entire foreign bunch did a great job making the classes fun and interesting through their lessons, games, and all-around outgoing personalities.

Physical Education

"You mean I have to get my hair wet during third period?!" This complaint is one that is frequently heard from many freshmen every year. A semester of swimming isn't something they looked forward to. But we all went through it and survived, so it can't be that bad.

One thing that made it better, though, was the coaches. They made the classes a lot more bearable (as long as you kept the tardies and non-suits to a minimum). The coaches' outgoing personalities and all-around high spirits always added a plus, even when the weather was unbearable.

Art is creating. It's starting with nothing and making something from that nothing. This applies to all art, whether it is fine art or industrial art. In fine art, you're taught to express yourself through your work. Industrial arts, however, teaches you to build objects for either a profession or just fun.

Both kinds of art take a special kind of teacher. One who has a unique and firm grasp of the subject and has the ability to pass that on with enthusiasm. These qualities were very prevalent in the art teachers here at Mt. Miguel, and they showed their continuous dedication throughout the year.

Art/Industrial Arts

Special Services

The special services department was an integral part of the teaching program this past year. The services rendered by this department ranged from tutoring centers to JROTC training, and each of these helped make our school better in their own way. The extensive JROTC program aided the security force and went through much military training. The tutoring and Pheonix programs helped students learn more and realize their potential. These classes were very small ones which provided for more one-on-one interaction between the teachers and students. This atmosphere allowed for a better learning experience than the larger classes and some students needed this.

With all the services these teachers gave, their title was rightfully earned. Each of them was indeed special.

Classified Staff

The Classified Staff at Mount Miguel worked in the most chaotic setting in the school, yet they always handled everything with a smile.

With parents coming by for conferences, or to drop off notes, lunches, P.E. clothes, keys, notes, etc., there was never a dull moment in the office. The attendance office was usually overrun with students bringing in absence notes, leaving or trying to clear up their tardies and truancies. But even with all these duties, they dealt with each situation as it came along quickly and easily.

There was a lot of work to be done in order to keep this school running smoothly and efficiently, and with the outgoing, qualified staff we have, it's bound to be a smooth road ahead.

All of you wild ones out there probably got to know these guys pretty well last year. It was their job to keep us in line whenever we got out of hand. Their fun-loving personalities made them a joy to be around, even if they were chewing you out. Thanks guys!

For the teachers here at Mt. Miguel, life without the department aides would have been pure torture. Thanks to them, the accumulated stacks of papers were kept to a minimum and teachers were able to devote more time to the crucial lesson plans.

VARSITY CHEER
A Step Above the Rest

"A STEP ABOVE THE REST!" This was a great way to describe this year's 1987-88 Varsity cheerleaders. It all started with the tryouts which took place last spring. Each girl competed for a spot on the squad, by memorizing a cheer and a dance. This year's captains were Tawnya O'Herron and Carla Custodio. To be a cheerleader, one must have a good smile, lots of enthusiasm, be friendly and able to make good eye contact. Plus, good coordination is needed in order to learn jumps and dances.

Last summer they attended UCA Cheerleading Camp, in San Luis Obispo. They proudly brought home a superior plaque, ribbons, and the famous "SPIRIT STICK." Competing was what they did best, and it showed in every cheer and dance they performed. The cheerleaders' excellence was represented county wide by placing second in a competition at Sea World.

Mrs. Edler, the cheer advisor, put a lot of her own time into what she called making the perfect squad. This year we had not only one, but two mascots to keep the Matador spirit flowing. Nikki Watson and Shannon Blas just couldn't hide their spirit under those bull suits. The two-man team that kept the Matador spirit on FIRE!!!

Showing a lot of spirit, Melanie Cunniff does a cheer for the defense.

Showing her spirit, Angelle Taggett enthusiastically fires up the stands.

VARSITY FOOTBALL
Still on Fire

After a very successful season last year the winning streak did not stop. The Mount Miguel Matadors were, again, Grossmont league that they were still a tough team to compete against.

The Varsity football team proved their strength and ability in the last league game against Helix. The team came from behind in the fourth quarter to win the game 16-7. This victory earned them the Grossmont league championship and a spot in the C.I.F. playoffs.

The Mighty Matadors remained undefeated until the C.I.F. semifinals where they lost, 12-7, against the Morse Tigers.

Because of their hard work and dedication, this year's team was very strong in all areas. Anthony Rivera, Eric Parker, Adam Wilson, Jesus Alvares, Calvin Clements, Erik Stottlemyer, and Haywood Mathis were some of the many returning players whose efforts helped produce the team's victories.

Teamwork is especially important for a winning team, and they had it. "There was a great chemistry between our teammates and we really hustled. That was someting our great coaching staff instilled in us daily," commented Adam Willson.

At the beginning of the season Head Coach Gary Cooper challenged the team to get the league championship two years in a row: the first time in Mount Miguel history. The team took this challenge to heart and accomplished it. "This is a very determined team that always finds a way to win," stated Coach Cooper.

VARSITY GIRLS' TENNIS
Going for an Ace

This year's varsity tennis team had many holes to fill. The team lost many players to graduation, so it was up to the few returning players and many new players to take their place. Despite the inexperience of the team, the girls showed a lot of determination and still came on strong to make a commendable showing in the Grossmont League.

Frankie Moreno, in his first year as the girls' tennis coach, worked long and hard with his players. Everyday after school they could be seen out on the courts practicing. The coach helped the team improve their skills and strategies as well as promote a positive attitude towards winning.

The outstanding doubles team of Lynn and Laura Franey put together a long string of wins to have a terrific season. Other players that shined this season were Kim Godby and Jennifer Olow. These players were great and played a major role in the team's success.

Even though there were a lot of new faces on this year's team, they showed a lot of determination and spirit. They worked hard to become the best that they could and they always kept the Matador Pride in their hearts!!

VARSITY WATER POLO
The Hottest Sport Around

Many people think that water polo is just an easy way to get a letter. People have been heard saying things like, "Oh, how hard can it be? You just toss a ball around in the water." Some people even went so far as to say, "All you need to be able to do is swim and show off a lot."

Water polo is one of the most physically demanding sports on campus. This would have been obvious to anyone who saw the polo players summmer workouts. Coach Brian Wilbur made the team spend many hours treading water or swimming while wearing shoes or sweatshirts.

The water polo players started their days at 6:00 a.m. with the "dreaded" morning practice. Many of the guys hated morning practices but they helped them a lot more than sleep would have. They also had practice right after school for a few more hours before going home to do their homework since bad grades meant ineligibility.

Coach Wilbur said, "This year's group worked more as a team." Coach Wilbur also said that next year the team will be even stronger with all the returning players from this year. Considering how good this year was, next year's team will be hotter than ever.

Thanks to the many hours of practice, the 1987 varsity water polo team was one of the best in the district.

VARSITY VOLLEYBALL
Reaching for New Heights

What does it take to make a terrific volleyball team? The Mount Miguel varsity team had the answers.

Coaching was a key ingredient in building our winning squad. This year's team was under the management of a new coach, Mike Sernett. He spent hours practicing with the team and teaching them his art of volleyball. His goals, beating the top teams and finishing in the top three, became the goals of the team members, too.

The second ingredient was practice, which perfected the strengths and eliminated the weaknesses. The team was blessed with many strengths this year and most were found in front row play. Of these, spiking and blocking were most noticeable.

Finally, the third and most important ingredient of volleyball are the players. Mount Miguel began the season with six returning varsity players. These included juniors and seniors: Cindy Robbins, Julie Mora, Tisha Jones, Jennifer Canillas, Lisa Mora, and Colleen McNish. Of the six, spiker, Cindy Robbins, and setter, Julie Mora, stood out above the rest. They possessed several outstanding talents, one of which was their ability to work well together at the net.

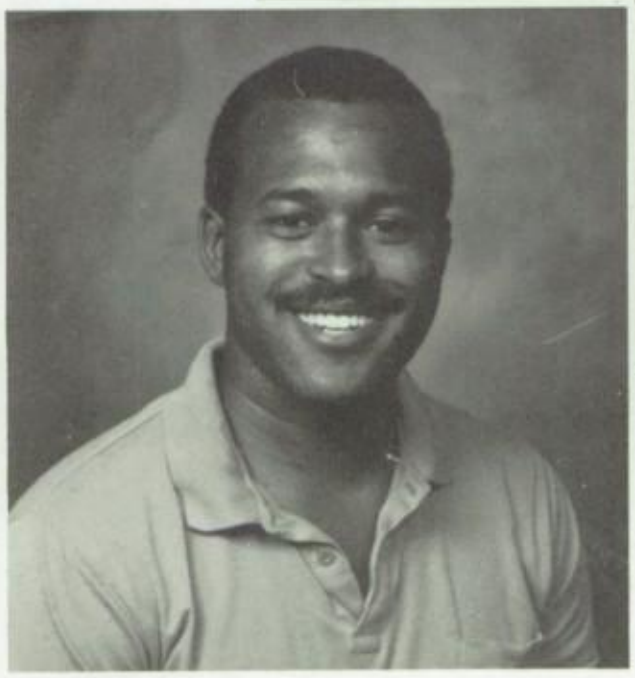
CROSS-COUNTRY
Striding to the Top

THE FINISH LINE!!! To all cross-country runners, this is the pot of gold at the end of a rainbow. But, to achieve these great rewards comes excrutiating pain and hard work.

Most people don't realize that there is more to running cross-country than the eye can see. These Mighty Matadors spent many crucial hours running two to ten miles daily, enduring all of the pain and exhaustion with determination. But, in the long run, these runners were rewarded with the great feeling of accomplishment and their hard practicing was clearly seen at the many cross-country meets. Although the cross-country team included many new faces, the team flourished throughout the season with the help of a few returning runners such as Robbie Peterson, Preston Buchanan, Chris Sizemore, and captain Joe Klein. This year, the cross-country team was tougher than ever with the strong leadership of Coach Glenn Recasner. He always kept the team spirits up during all those difficult times and everyone knew they were Matadors just by the look of pride in their eyes!



Coach Glenn Recasner is the first year coach for this year's exceptional cross-country team.

Senior Tin Nguyen shows great determination in his face while wrestling his adversary.

VARSITY WRESTLING

Season of Triumph

The 87-88 Varsity Wrestling team had a very successful season with the expert coaching of Coach Russ Kusumoto.

This year the team had a great start and a remarkable finish. Their season consisted of duel meets and many Saturday tournaments where they won various trophies, plaques, and medals. This exceptional team included a few new wrestlers and many returning wrestlers such as Tin Nguyen, Erik Stottlemeyer, Tommy Schaeffer, Dwayne Buth, and many other outstanding wrestlers.

Wrestling is a sport of strength, speed, and agility. These wrestlers accomplished this through excruciating practices. During these painful practices, they ran laps around the field, worked out in the weight room, and most important of all, they reviewed many moves such as the "fireman's carry," the "half-nelson," and many other moves that they mastered which made them a successful team.

Many of their opponents wondered what the secret to the Matador's success was. The best answer to that question was seen by the many spectators that saw the Mighty Matadors in action during their truly exceptional year.

VARSITY GIRLS' BASKETBALL

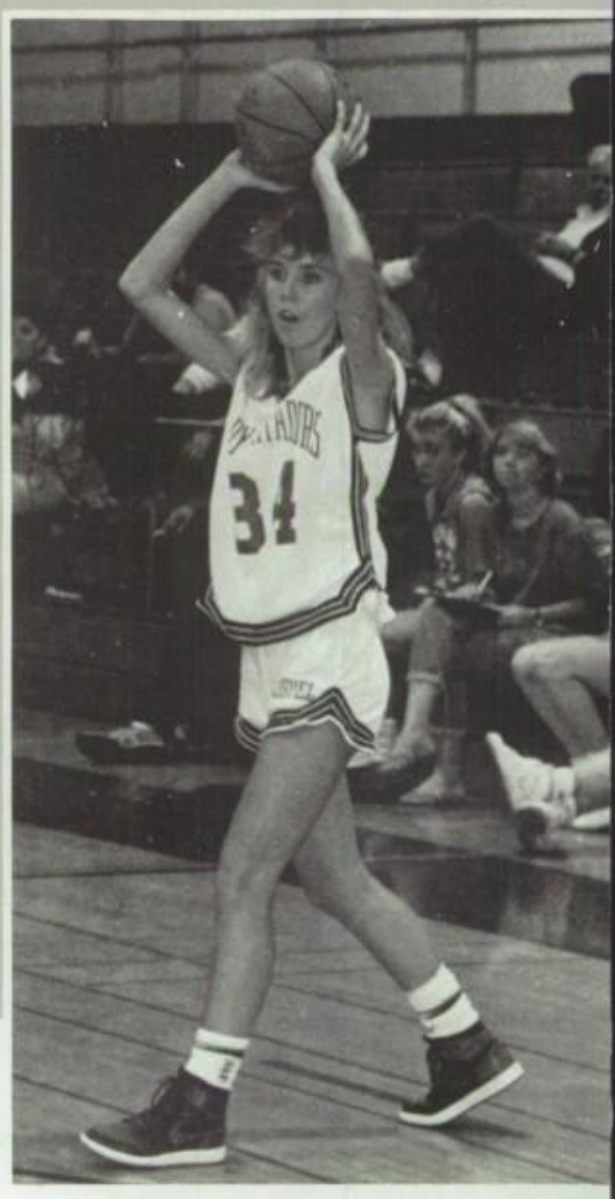
Shooting for the Top

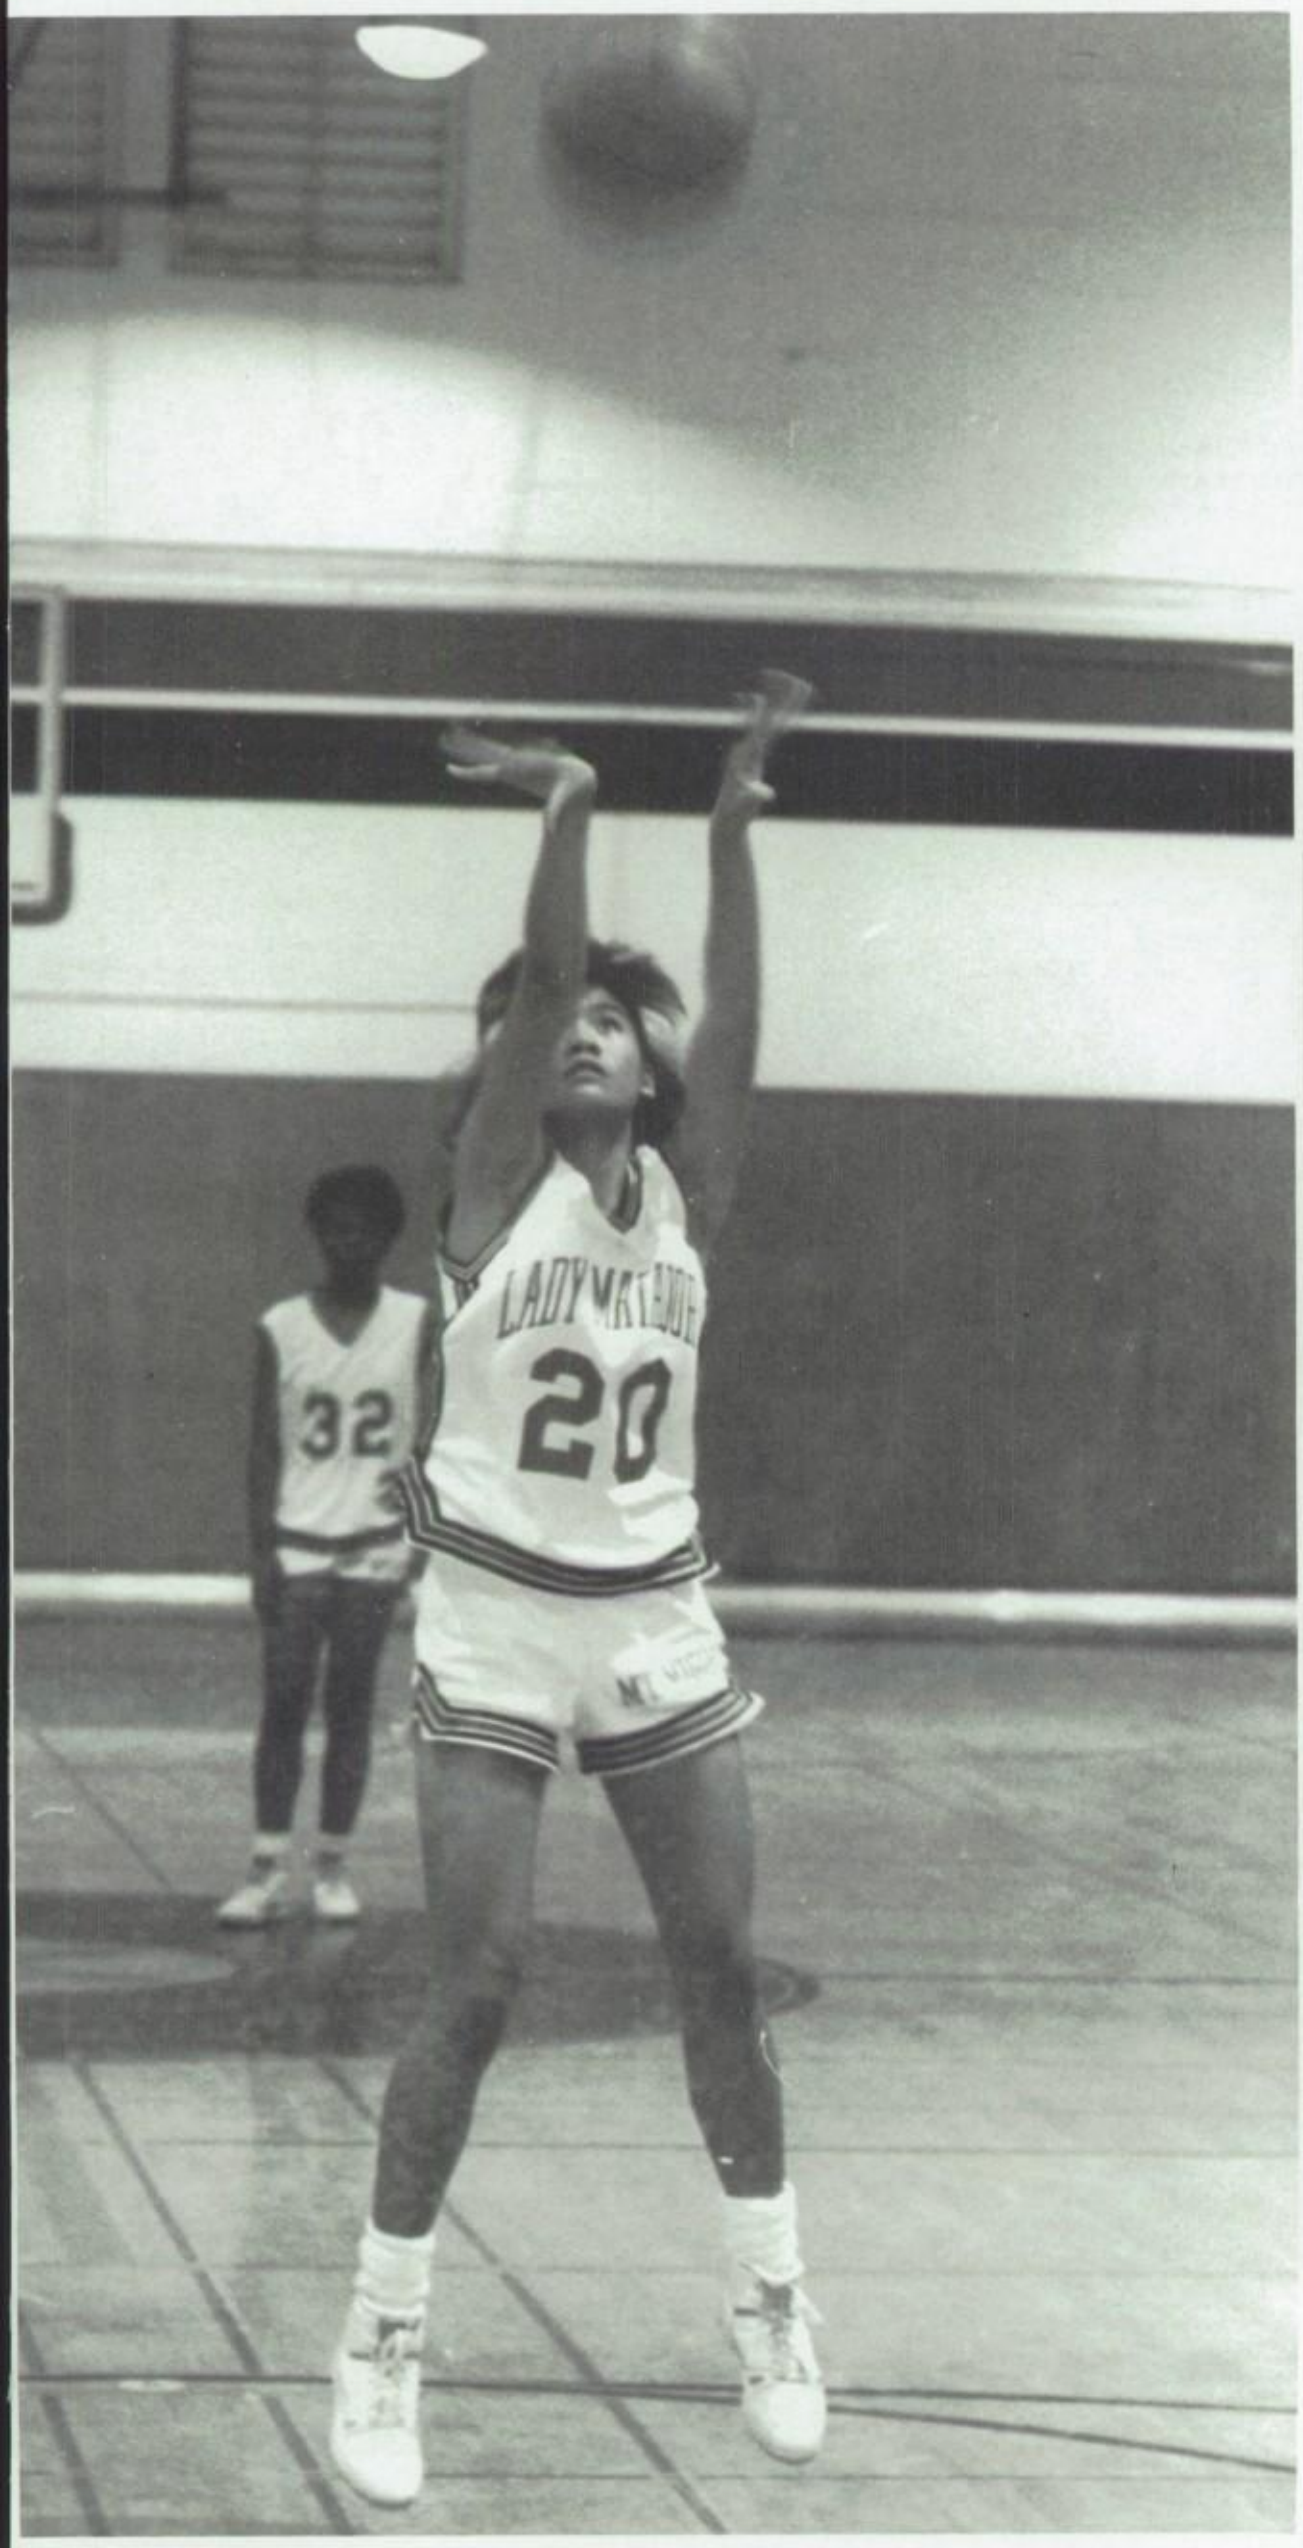
This year's Varsity Girls' Basketball team continued the tradition of excellence here at Mt. Miguel. With the combination of new and returning players, the team pulled together to have a great season.

Under the watchful eye of first year varsity coach, Sue Stinchcomb, the girls practiced hard to become the best they could. Not only did they practice hard for hours after school, they even started the season by practicing in the morning before school as well. It's determination like this that made the Lady Matadors a successful team.

The Varsity team consisted of eight players. But although the team wasn't very big, they more than made up for it with spirit and pride. With the leadership of co-captains, Shauna O'Conner and Jenny Canillas, the girls were able to shoot for the top of the league. Other players that put in some outstanding performances were Tracye Parker and Tonya Chamberlain.

The girls on this year's basketball team were full of spirit and were ready to play hard. It's teams like this that make Mt. Miguel proud!





Jenny Canillas adds a point for the Matadors with this shot.

Coach Stinchcomb discusses her strategy with the team.

VARSITY BOYS' BASKETBALL

Shooting to the Top

The Boys' Varsity Basketball team got off to a slow start this year but got better and better with every game and practice. After gaining more experience they were able to excel.

Coach Art Edge had expected many more returning players than those who did come back. They had lost some key players and it left a hole in the team. "We had expected other people to come out but we're going with what we have and we're coming along," commented returning player Robert Griffith.

Determination and dedication is what helped pull this team together. Anthony Rivera, Robert Griffith, Paul Pena, Frank Davis, Jerome Tonsing, and Erik Alexander were some of the many athletes whose efforts were essential to the team. This year there was one Freshman on the team, Domingo Rivera, who also helped a great deal.

Another setback the team had to overcome this year was injuries. Injuries can effect a team's performance for the rest of the season but the Mighty Matadors were able to pull through.

During practice the team worked very hard to correct their mistakes and sharpen their skills. Even though it was a lot of hard work, all the athletes agree that they were out there having fun.

GIRLS' SOCCER

Going After Their Goals

This year's girls' soccer team was off to a great start thanks to their new coach, Mrs. Nancy Watkins. This was Mrs. Watkins first year as a coach, but hopefully for the girls' soccer team it won't be her last.

The girls' soccer team practiced after school every day except when they had a game. They spent long, hard hours trying to improve their strengths and abilities. Many of the girls on this year's team, such as Shannon Strasner, agree that soccer takes a lot of skills such as speed, balance, and endurance. Every member of this year's team had these skills. All the girls worked together to combine their abilities, hoping to come out on top.

This year's team had many returning players such as Norma Robbins, Keisha Thorpe, Shannon Strasner, Jennifer MacDonald, Becky Glaze, and Julie Mora. These girls helped make this year's team one of the strongest in the district. Their determination to win was very high and by working together as a team they showed everyone that they had what it takes to be the very best. Even when things weren't looking too good, they always kept their heads up high and showed their matador pride.

BOYS' SOCCER
Go for That Goal!

This year's boys Varsity Soccer team kicked off to a great season with returning players, Chuy Alvarez, Michael Codina, Gabriel Rodgers, and first year goalkeeper Jessie Pruett.

Well over thirty students tried out for participation, attempting to place in the top fourteen for a chance to be a member of the Mount Miguel Varsity Soccer team. Yet, the spirit of rival competition and good sportsmanship prevailed and the best of the best remained to prove their true soccer abilities.

Their many practices, which lasted for two to three hours daily were essential to their winning season. They were drilled nonstop which helped them to master the sport of soccer.

The team truly demonstrated their abilities with excellence and pride by becoming an exceptional all-around team in the Grossmont League. They proved their full potential at the many soccer games.

With professional coaching and skill of Coach Jim Healey and Assistant Coach Fred Dodge, these two men guided the ambitious Mighty Matadors to a spectacular soccer season.

VARSITY SOFTBALL
A Big Hit

With an experienced group of players that were dedicated to hard work, this year's Matador softball team pulled together to wrap up an impressive season.

In her first year as coach at Mt. Miguel, Kathy Worley led the girls to the top of the Grossmont League. Every day she would put her team through hours of strenuous work. The girls could be seen on the upper fields practicing their hitting, fielding, throwing, and other skills that make up softball.

The experience that came from the many returning players proved to be a great help in many games. Returning seniors that proved to be invaluable to the team were Lisa Mora, Lisa Perettie, and Tanya Jenkins. Among other returning players were Tina Cox, Berna Cloyd, Tanya Chamberlain, Melissa Martinez, and others. The strength and talent that these players provided helped carry the team to new heights.

This year's softball team was full of talented players. But it was more than talent that made this team successful. These girls were full of spirit and pride that set them above the rest.

VARSITY BASEBALL

In the Swing of Things

Baseball is a sport of skill, concentration, and most of all luck. Taking into consideration the team's season this year, they had a lot of each element going for them. Although these factors are important, practice, determination and motivation are also essential. Practice, which provided the skill, was every day after school excepting game days. The determination and motivation were instilled within them by their dedicated coach, Michael Trigs. Coach Trigs was instrumental in the players' winning attitude. Each one of them liked and respected him, and this feeling was given back in return. The team knew that he was on their side at all times, even when he was angry. At the beginning of the season Coach Trigs had the hope that our team would take the league. He also had the confidence that they could, "if they can buckle down, concentrate, and don't mess up." Third baseman, Joe Castillo, said that, "Coach is a great guy. He's always there and even when he's mad it's because he cares." Coach Trigs is the first to point out that it's the players that won the game though, not him, and he won't take any credit for that.

One thing that influenced their performance was the balance of returning and rookie players. Because of the returning team members like Eddie Cervantes, Joe Castillo, Jeff Schmidtchen, Devin Rainer, Pat Healey and Mike Baker the rookies were able to develop their skills quickly, and this proved to be a great asset to the team as a whole.

Girls' Varsity Track
Striving for Excellence

This year the varsity girls' track team was working toward a goal — to build a stronger sense of "team." Each one of these talented girls contributed their very best efforts which helped the track team grow stronger and better as the season went on.

All of the returning track members were great in helping this year's team to rank among the best. Returning runners Salynda Gray and Vicky Browne gave the team a boost with their terrific times in their individual events. Salynda showed everyone what hours of practice could do in the 300 low hurdle event. Vicky Browne showed skill in the half mile. After their first track meet in early March, Salynda talked about the varsity girls' performance. "We won all our events, but we just don't have enough girls yet," she said. She later added that she thought that they were very good individually.

Mr. Olander, this year's coach, pushed the girls to reach their best times and to feel good about themselves. All their long hours of practice paid off as Mt. Miguel's Girls' Track team became "the one to watch." Thanks to the girls' ability and enthusiasm the 1988 team will be remembered as one of the hottest teams around.

VARSITY BOYS' TRACK
A Stride Above the Rest

The boys' varsity track and field team got an early start this year. Many runners practiced during the winter with the Spring Valley Track Club. This helped to prepare them for the actual season. They started out strong. "We've won our first two meets," commented junior Kwassi Gee. "I think we can go all the way."

One factor that helped to make this year's team outstanding was the addition of the new head coach, Ric Olander. Coach Olander took over as head coach and did an exceptional job of organizing the team and encouraging it to be the best it could be.

Although track and field is mainly an individual sport, Coach Olander stressed the importance of teamwork. Coming in first or second place can depend on the cheers and encouragement of your teammates. Your teammates can also set an example for you to practice harder.

There were many returning members on the team. Kevin Jones, Mark Senior, Domingo Hallare, Erick Alexander, Joel Gumbayan, Ricardo Ortiz, Joe Klien, and Brian McGuire were all very dedicated and determined.

Drew Davis, Kwasi Gee, Preston Buchanan, and Robbie Peterson were a few of the new members. They played a very important role on the team.

VARSITY GIRLS' SWIM
A Splash of Success

This year's varsity girls' swim team started the season off with a big splash. They began by placing fifth out of nine schools in the first league relays in early March. That may not sound too impressive, but it was the best start the team had seen in several years.

They spent long grueling hours practicing after school daily to prepare themselves — both physically and mentally — for the meets. Practices consisted of sprints and mastering the four basic swimming: breastroke, backstroke, butterfly, and freestyle. Although the practices were tough, most of the swimmers would agree that they were worth it in the end.

This year's team saw the return of many experienced and valuable swimmers like Sherry Cones, Rachel Craven, Amy Jones, and Amy Lasko. Some of their toughest competitors this year were Valhalla, Santana, and Monte Vista.

These tough ladies knew that the keys to success were enthusiasm, sportsmanship, dedication, determination, and teamwork. They all worked together to reach their goals and beat the clock and made this year's team one of the best ever.

Congratulations girls on a job well done!

VARSITY BOYS' SWIM
Making Waves

This year's boys' swim team took the lead and wrapped up a tremendous season. These Matadors were determined to do their very best.

Everyday before and after school these guys had some heavy workouts. Not to mention the morning practices when these dedicated Matadors had to be at school at 5:45, for a long workout. Another way to keep the Matador spirit flowing and strength up were the hours of weight lifting on Tues.-Thurs.

Due to lack of swimmers, we only had three returning seniors this year, Chris Berk, Donovan Russell, and Gabriel Rogers. Even with the lack of experience swimmers overall the team did well. This year's team had the determination to go to C.I.F.

With an enthusiastic and encouraging coach, Mr. Brian Wilbur, the team cooperated eagerly. Coach Wilbur stated that he was pleased with this year's team, and most of the guys worked hard to defeat the different swim teams throughout the Grossmont District. Without any doubt the 1988 Varsity Boys' Swim Team proved that they were super swimmers!

VARSITY BOYS' TENNIS

Just a Swing to the Top

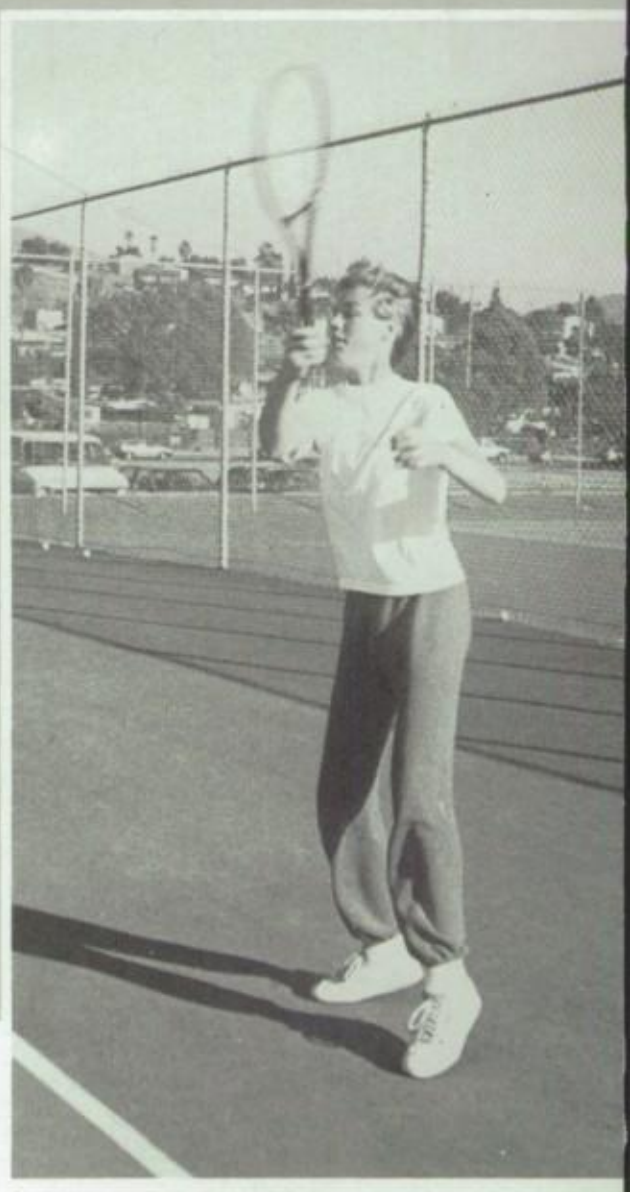
Slam! Across the court and over the net the little green ball flys. The opponent swings and into the net it goes. Game point for the Matadors!

You would've seen this act many times if you were out on the green and red tennis courts spectating the Matadors skillful techniques during their many matches throughout their very successful season.

This year's team was led by the great skill of Coach Frankie Moreno, who divided his time between both varsity and J.V. The Varsity Boys' Tennis Team consisted of some returning players such as, senior, Jerome Tonsing and, junior, Dean Talbot. A few of the new varsity members that contributed to the excellent Matador team included, junior, Greg Bantigue and, sophomore, Nelson Bayla.

At their many strenuous practices, the team practiced and mastered their forehands, backhands, and most important of all, their devastating serves which they displayed on the courts.

With such talented players as the 1988 Mt. Miguel Boys' Tennis Team possessed, the Mighty Matadors swung their way to the top!



Senior, Jerome Tonsing, sends a devastating serve to his opponent winning yet, another match.

GYMNASTICS
Beaming With Pride

Gymnastics is a sport of both physical and mental skills. This year's j.v. and varsity gymnastics teams perfected their skills with hard work and dedication. The girls worked out from 3:00 to 5:00 p.m., five days a week with occasional Saturday practices.

Coach Irene Hehnke said, "I'm really impressed with the girls on my team. They are all hard workers and have a lot of potential to be excellent gymnasts. Although my team is small, I'm expecting we'll do pretty well in competition, I'm hoping my only varsity optional Margaret Faulkner, will be able to recover from her ankle injuries. She should be a real strong competitor this year. I'm lucky to be the new coach at Mt. Miguel and we're going to have a lot of fun."

J.V. CHEER
Better Than Ever

When the time came for cheerleader tryouts, the turnout itself was a great success. The 1987-88 J.V. squad consisted of 9 juniors and 2 sophomores. This year's advisor, Mrs. Edler, stated, "My babies are strong and have their act together."

The J.V. Cheerleaders also attended UCA cheer camp this summer. They brought not only new cheers and radical dances, but 14 superior ribbons, and the coveted spirit stick.

The cheerleaders worked to be the very best, and in doing do they went through long hours of practice everyday after school. The girls had new and different ideas to keep the J.V. Football players and spectators surprised. The cheerleaders attended a cheer competition at Helix High School, although finishing in third, they were really motivated and showed a lot of spirit for our school.

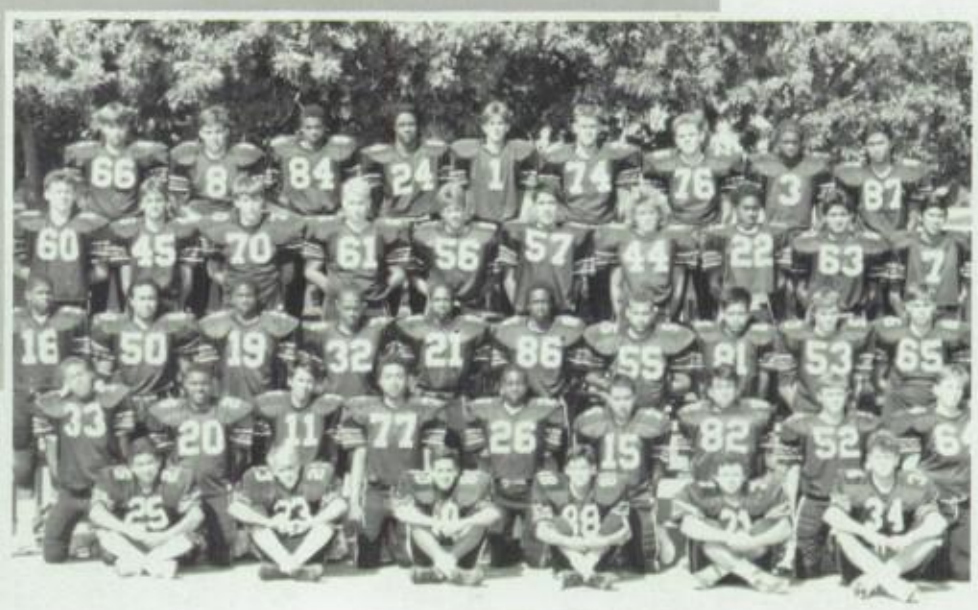
J.V. FOOTBALL
Dedicated to Success

At the start of the season, the junior varsity football team set many goals. Among those set, one was the goal to attain the Grossmont League Championship. They consistantly proved that they had enough ability and determination to reach this goal. They ended the season with a record of 9 wins and 1 loss.

A factor of the team's many shutouts was the strength of the defense. They only allowed a total of 77 points to be scored against them. This averaged out to be less than 8 points per game. The main contributing players were: Toby Wood, John Paredes, Brian Svane, J. R. Ford, Damien Coleman, and Walter McWilson.

Not unlike the defense, the offense's dedication paved the way for a season total of 214 points, an average of over 21 points per game. Steve Lindley, Victor Ware, Cory Johnson, Andy Brengman, and Lindsey Gabat helped the team in making it a very successful year.

The coaching staff was extremely proud of their team and were an integral part of it. Without their guidance, none of it would have been possible. They prepared the team for anything they might have faced, always kept their spirit up, and had great faith in the players. Head Coach Phillips showed this faith in his comment, "There is no doubt that this is the best j.v. team Mt. Miguel has had in 15 years."



Running back Victor Ware shows great footwork in evading a Norseman defender.

J.V. WATER POLO
Makes Waves

Junior Varsity Water Polo took the lead this season. The coach, Kirk Taylor, a former water polo player, knew that J.V. would take the league. He described his players as fast and aggressive. J.V. consisted of many returning players, including sophomores James Hall, David McNees, and Lawrence Grafstein. Having experienced players gave the team a great advantage when the pressure was on.

This year's J.V. had determination, drive, and the desire to win. They showed their dedication by coming to practices every day after school. Practices were strenuous and usually consisted of hours of working on their endurance and ball handling skills.

All players were ready to prove themselves in the water. Their toughest competition was seen from Helix and Coronado. Many hours of hard work and practice paid off in these games. J.V. had a successful year and are anxious to show their "stuff" next year on Varsity.

J.V. VOLLEYBALL
"Set Up" for Success

The development of fundamental volleyball skills, the establishment of the concepts of team play, and the installment of a winning attitude are the basic foundations of any J.V. Volleyball team, believes Chuck Patterson, the Mt. Miguel J.V. Volleyball coach.

With practice, sometimes lasting up to three hours a day, the Mt. Miguel J.V. Team worked on setting, serving, and spiking, and became an all-around team.

Junior captains Joanie Belisle and Becky Glaze, along with Sophomores Susana Ponce and Shannon Hoopes, had perfected these skills and were considered by Coach Patterson as his best players.

Some of the newcomers to the team this year were Freshmen Kristii Wilkins and Linda Tousley. They improved greatly and learned to play as part of the team.

J.V. GIRLS' TENNIS
Swing Into Success

This year's girls' Junior Varsity Tennis Team showed what hard work and determination could do. Although the team consisted of mostly new faces, the girls worked hard to put together an exceptional season.

Frankie Moreno, in his first year as the girls' tennis coach, did a magnificent job of teaching the girls the basic skills and strategies of tennis. These winning habits that the girls developed will prove to be invaluable in the future.

The team worked long and hard everyday at practice after school. These practices paid off when they showed their stuff against tough rival teams.

Although this year's Junior Varsity Team was relatively young and inexperienced, they were full of spirit and were anxious to learn. J.V. teams are a sign of future Varsity teams. If this is any indication of Mt. Miguel's future, then the school should consider itself lucky.

J.V.WRESTLING
Pinning for Points

With determination and hard work the Mount Miguel Junior Varsity Wrestling team had an exceptional season.

Led by former wrestling star Jon Millum, the Matadors Junior Varsity Wrestling team "took down" many of their adversaries. With a team that consisted of mostly freshmen, this was a remarkable accomplishment.

One obstacle that this team had to overcome was their lack of experience. They did so by practicing two to three hours daily. Each practice consisted of running two to three miles, conditioning with weights, and learning many maneuvers to be a successful wrestler. They also learned such specialty moves as the "cradle," "half-nelson," and the "escape."

With teams like Valhalla, Helix, and Monte Vista, Mt. Miguel was forced to rely on team spirit in order to take the league title.

J.V. GIRLS' BASKETBALL

Jumping to New Heights

Playing on spirit and determinatioin, as well as plenty of talent, this year's girls j.v. basketball team were able to pull together to make a respectable showing in the Grossmont League.

Bob Swanson, in his first year as the j.v. coach, worked long and hard with the girls everyday with the girls to teach them the skills and strategies of basketball. Most of the girls were relatively new to the sport, so this was quite a task. But these Lady Matadors had plenty of spirit and a strong desire to succeed. This, combined with the willingness to learn, enabled the girls to put together a fine season.

This j.v. team holds the future of the Mt. Miguel basketball program in their hands. From the looks of it, the school should do just fine.

J.V. BOYS' BASKETBALL

Burning Up the Court

There were a lot of talented athletes on the 1987-88 j.v. basketball team. This year there were six returning players and seven new ones. There was also a new coach this year, Steve Whaley, who did an excellent job with the team.

Coach Whaley feels that basketball is a consummate team sport. Each player is in the flow of the game at all times and there is continuous movement all over the court from score to score. If the ball isn't coming at a player at any given moment, it is likely that it will be there shortly.

Despite the amount of experience on the team, the largest problem they had was working with each other. "The best teams have at least five competitors who can perform together as one," stated one newspaper.

Besides the unity involved in the game, the individual skills must first be mastered before one can integrate into teamwork. Dribbling and shooting, some of the skills, require a great deal of coordination and hard work to be completed successfully.

Chris Esquibel, Sammy Lee, Chris Martin, Brian Svane, and Elliot Alexander were some of the many outstanding members of the team.

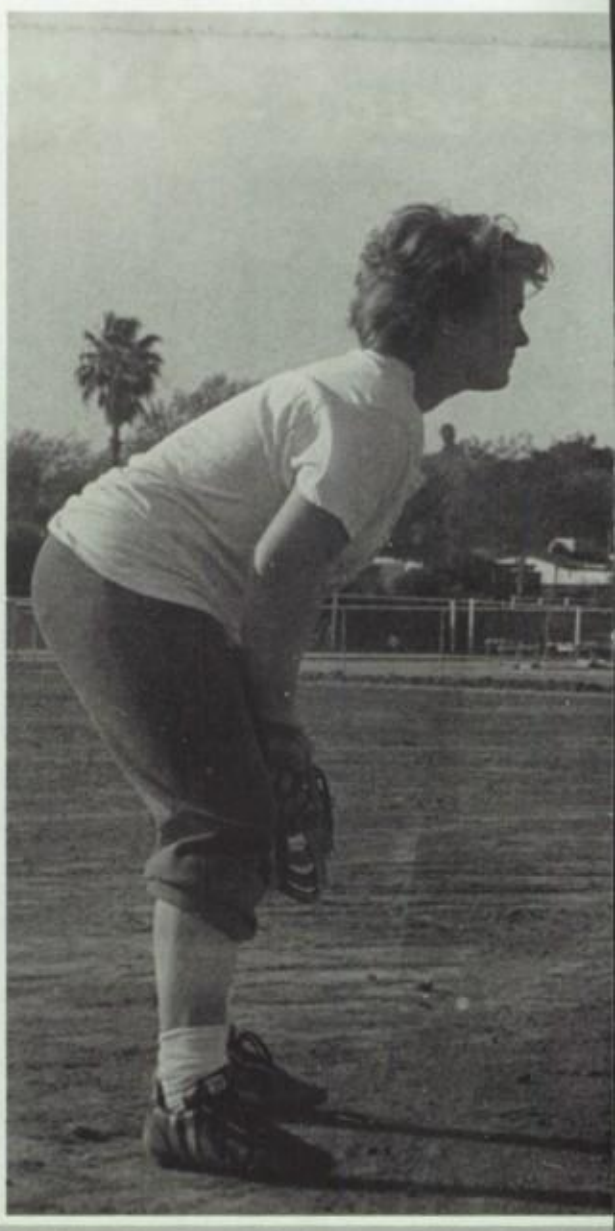
J.V. SOFTBALL
Too Hot to Handle

As the new 1988 spring season approached, the exciting sounds of baseball bats cracking and gloves popping were in the air.

This year's Mount Miguel Junior Varsity softball team experienced the word "new" by beginning the season with only one returning player, sophomore, Lusana Goldstein. They also started their successful season out with first year coach, Sharon Vilarino.

Coach Vilarino had a lot of hard work ahead of her, trying to teach the girls the basics of a winning softball team and the desire to win. The coach's goal for her first season was to have a fundamentally sound team with the experience of winning.

The crucial practices lasted for three hours every day after school. Although they were tiring and strenuous, these practices were very essential to the success of the Matador team.



Sophomore, Lusana Goldstein, comes up with a grounder looking to "turn two."

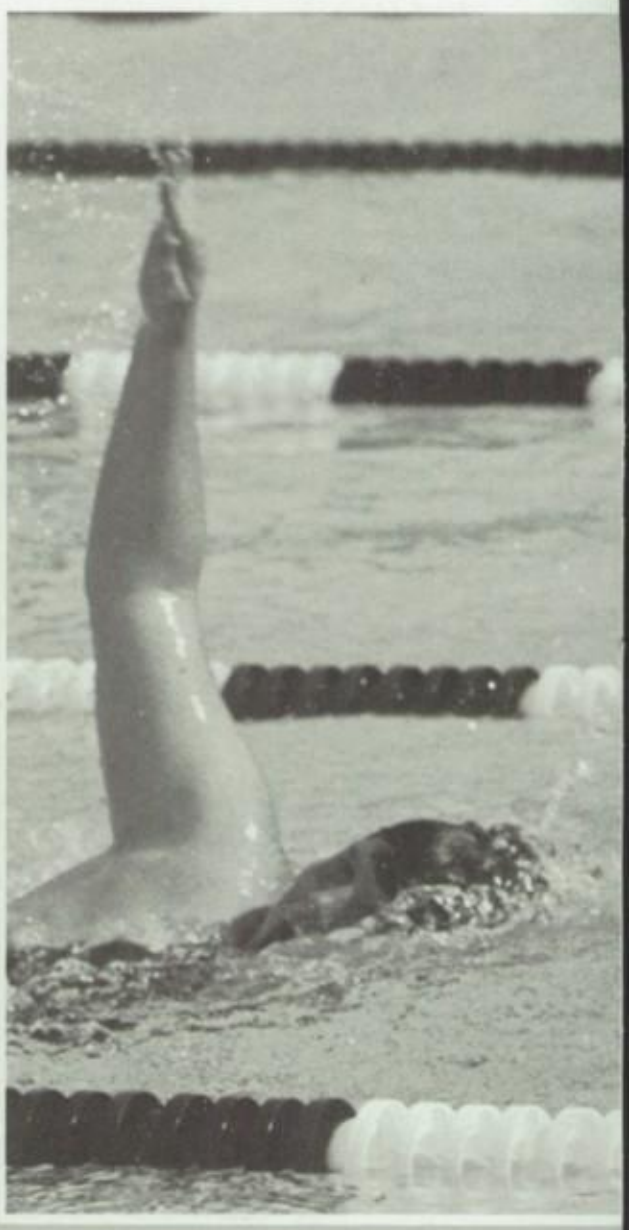
J.V. BASEBALL
Slides Into First

Proving to themselves once again, this year's new J.V. baseball team had a successful year. As each individual player carried special qualities, they have proved to be the best all-around team. They carried qualities such as good sportsmanship, teamwork, and making that effort to play the best they can. Long hours of practicing helped them overcome their weaknesses that they had in the beginning of the year, and with their new coach, Mr. Jeff Meridith, the team learned necessary skills which helped them play competitive games. The only returning J.V. player, JoJo Mata, has also helped in contributing to a successful year.

With Coach Meridith's guidance and the special qualities that the team had, they have learned to develop a dedication for the sport, and with this dedication they were able to have a well rewarded year.

J.V. GIRLS' SWIM
Armed and Dangerous

This year's Junior Varsity Girls' Swim Team consisted of a lot of new faces. Their coach was Carol Leichty, the Varsity Girls' Swim Team coach as well. She played a very important part to her swimmers, not only as a coach but also as a friend who really cared. She motivated, inspired and encouraged each individual to keep on working their hardest even when the going got tough. She was always there to advise and help her swimmers perfect their performance. They practiced two hours a day and five days a week with the Varsity Team. During their practices they applied their skills to the best of their ability which, in conclusion, they all accomplished their best times in all four strokes; the butterfly, the backstroke; the breaststroke; and freestyle.



Tonya Tronwig shows great determination while swimming the freestyle.

J.V. BOYS' SWIM
the Hot Ones Swim to Win

Brian Wilbur has seen many junior varsity swim teams since he became the boys' swim coach. But this year's team was one of the best Mt. Miguel has seen. Our J.V. team has made up mainly of freshmen, sophomores, and a few upperclassmen. They seemed determined to show us just how hot they really were.

Once practice started in late February the guys spent every day in the pool preparing for their first meet in early March. The boys' swim team practiced for long hours after school, either in the pool or in the weight room, in order to beat every other school in the district. They also spent many hours before school working to improve their times in the upcoming swim meets.

Jeremy McCormick, one of the this year's more promising swimmers, says, "The j.v. team owes much of its success to Coach Wilbur. If it hadn't been for him pushing us to do our best, I don't think we'd have worked nearly as hard as we did." Many of the other junior varsity swimmers seemed to feel the same way as they got better and better as the season went on. Thank you Coach Wilbur for giving us a really great J.V. boys' swim team!

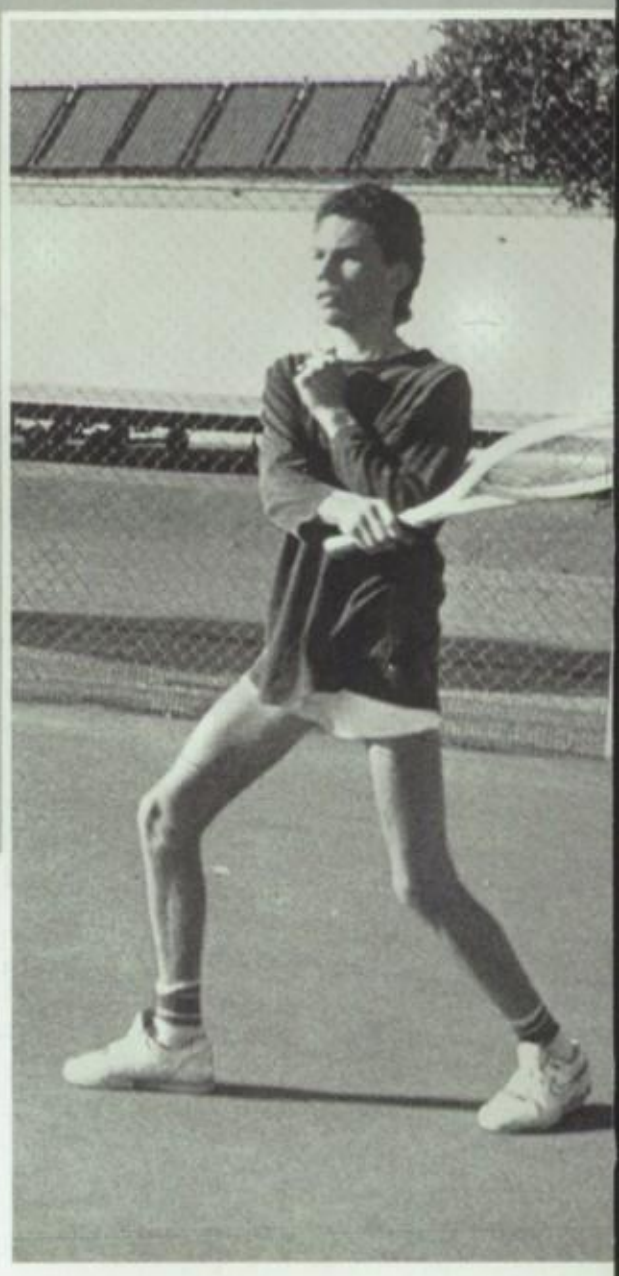
J.V. BOYS' TENNIS
Smashing Ahead

The boys' junior varsity tennis team really excelled during their season this year. The team's caring coach, Frank Moreno, was always there to praise the boys' good points and to correct the areas where help was needed. During the practices, which lasted from three to five o'clock daily, the team worked on improving their serve, backhand, forehand, and other techniques to gain knowledge and physical ability needed to become a skilled tennis player. The boys also did conditioning exercises, these drills helped to build their endurance. Everything that the J.V. Matadors learned from Frank and other experienced players came in handy for the tennis matches. It wasn't easy competing against the tennis players from other schools. Also, the matches were exhausting and required a great amount of energy, concentration, and endurance. Despite these facts, the team kept working hard and their school spirit alive.



J.V. BOYS' TRACK
Sprinting to Success

The Mount Miguel Junior Varsity Track team excelled throughout the season. They have shown pride and determination in this strenuous sport. The team worked very hard to achieve their personal goals and those of their team.

A typical workout was stretching before running a few laps around the track. After warm-up each team member would go to his own event. A sprinter would do a series of sprints to build strength and speed. The long distance runner would run continuously for hours to enhance his endurance. Shotput and the discus throwers worked on their arm strength, while the jumpers may have practiced their landings and take-offs.

The J.V. Boys' Track team worked hard, had fun, and proved they were a team to contend with.

Seniors Sally Turla and Victor Bracamontes . . . GOING BANANAS!

The underclassmen show their great determination during crazy Friday events created by our own ASB.

ASB . . . too HOT to handle.

Spisak, Chi Luong, Joanie Belisle, Clay White, Melanie Cunniff, Andrew Lemen, Diana Dickinson, Sahlee Quesada, Kassi Roberts.

Who were those faces in the crowd that did so much for our school? They made those rad football game crash posters, correction — all those rad posters! They were in charge of dances, assemblies, those wild Friday Events, Clean Campus, coordinating homecoming and student council, elections, and publicity. A.S.B. made this year a very successful one. Among the list of many accomplishments, the most important were the arduous tasks that each individual had achieved to make our Homecoming such an original, unique, and creative one. They also promoted the Drug Awareness Week and added themes to our dances. All of us can look back on our precious high school memories and tell our kids, "When I was your age . . . we were all too HOT to handle!!!"

Memories

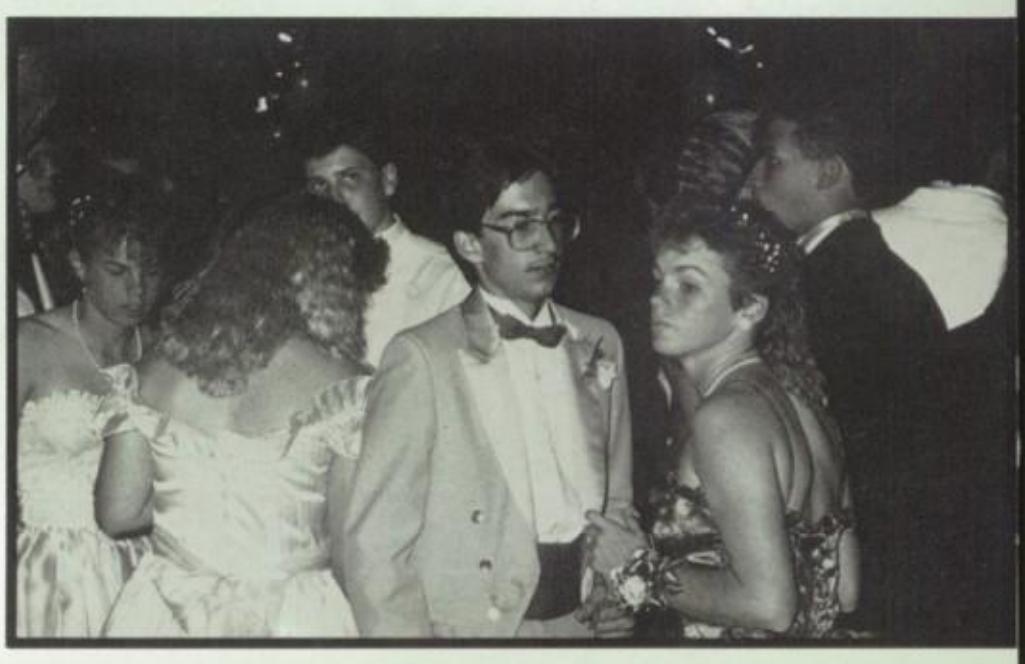
Sweetheart's Ball

What comes to mind when thinking of Sweetheart's Ball? Girls in formals. Guys in tuxedos. Unlikely couples and unexpected romance. This time was no exception.

Put on by the varsity cheer squad, it took place at the Cafe del Rey Moro. This year's primary colors were silver and pink. The decorations consisted of balloons and beautiful bouquets of flowers. The whole atmosphere was one of romance and magic.

When the court was crowned, there was a absence of freshmen, so this year the ball was lacking a Lord and a Lady.

All in all, it was an evening filled with fun, friends, and fond memories.



Cherish the Moment

Left: Prince and Princess Doug Kemp and Melanie Cunniff. Right: Duke and Duchess Jim Tresser and Mary Pamelar.

Flames of Yesterday

As we leave behind the 1988 school year, we also leave a great many happenings and people in our memory. In Midland, Texas, three long and tense days in October were spent watching and listening anxiously as dozens of men worked frantically to save 18-month-old Jessica McClure who had fallen into an abandoned well shaft. After fifty-eight frustrating hours Jessica was freed and rushed to the hospital as the town exploded with joy.

Forty-eight year old Pat Anthony became the first woman to give birth to her own grandchildren, triplets at that, as a "surrogate granny" for her daughter Karen Ferriera-Jorge.

The stock market hit its lowest point since black Monday causing panic throughout the market.

On a lighter note, Oprah Winfrey became even more popular for her controversial issues which often caused heated discussions.

Sixteen year old Tiffany made it big with her debut album, "Tiffany" as one of the fastest rising talents in the recording industry to take it to the top.

Good Morning Vietnam starring Robin Williams was one of this year's top movies, along with *Dirty Dancing, La Bamba,* and *Three Men and a Baby.*

All in all, the year was full of many wonderful memories that will remind us of the 1987-88 school year.

Potpourri

What exactly is a potpourri? Literally it means a collection, but to Mount Miguel it is a collectin of special memories. Scattered throughout these pages are the last reminders of faces and events from 1987-88.

Determination to succeed was shown when many sports and individuals went on to C.I.F. play-offs. Football, waterpolo, tennis, wrestling, swim, track — you name it and Mount Miguel was there. The Marching Matadors had a successful season and represented us in Hawaii. The speech team participated in many tournaments and came out ranking one of the highest in San Diego. The list goes on.

Spirit and pride surrounded us constantly in Red and Black Fridays, a clean campus, sports, and general participation. This made us stand out from all others. The school year can be summed up in one word, "HOT!" These pictures only represent a few memories, but the yearbook in our minds will always hold the potpourri of memories.

VALEDICTORIAN
Lynn Franey

Challenging Mount Miguel's curriculum has been crucial to my education and realizing my academic potential. Today, this commitment to increasing my knowledge has paid off. I greatly appreciate the encouragement of my family, friends, and teachers, especially Mrs. Goodwin, who have instilled in me a strong dedication to my activities. During these four years, I have learned about life's pressures, joys, and rewards, through experiences such as typing "aesthetically pleasing" papers, relaxing on the San Simeon trip, and finally, becoming valedictorian. Highly cherishing this honor, I now look toward a successful future.

VALEDICTORIAN
Laura Franey

When reflecting upon these last 4 years at Mt. Miguel, I realize I have gained much more than I expected. Not only have I enriched my knowledge of subjects like European History and American Literature, I have also learned about the intricacies of life and people's personalities. Working hard has certainly helped me to achieve my goal of becoming valedictorian, as have the support and patience of my teachers, friends, and especially my family. I will never forget the people and events, such as drama productions, which have made Miguel special, but I am also eagerly awaiting college and the new experiences it will bring.

VALEDICTORIAN
Sally Turla

Being valedictorian was never a goal of mine — my only goal was to do well in school. It was a surprise when I found out I was ranked #1, so I strived to keep that position! I remember the nights staying up doing homework or getting up early to study. Thanks to: Mom & Dad for understanding (especially when I fell asleep in the kitchen w/the lights on), my great amigos for having confidence in me, my teachers for showing me so much & giving me that extra push to keep me motivated. Thanks to God for helping me through it all. I am so honored to be a valedictorian of this class. There is no greater class than the class of 1988!

SALUTATORIAN
Anacel U. Hidalgo

"... 'Lord, you said that once I decided to follow you, you'd walk with me all the way. But I have noticed that during the most troublesome times of my life, there is ony one set of footprints. I don't understand why when I needed you most you would leave me.' The Lord replied, 'My precious child, I love you & would never leave you. During your times of trial & suffering, when you see only one set of footprints, it was then that I carried you.' " — Author Unknown

They believed in me. My parents taught me the word "freedom" & the responsibilities that comes with it. My sister had the courage to let me go. God. "fathered" me. Acquaintances & friends accepted me as I was. Teachers opened my eyes full. I am ready to move on, to "not resist ... for your new self is about to enter the world." — Kristin Zambucka

WE, AS ONE

We, as one, have dwelled in the valleys deep.
Yes, many storms have darkened our path;
yet, we've managed to fight for light.

We, as one, have endured much turmoil, confusion, and pain.
Yes, times of happiness seemed so untangible;
yet, we've always survived life's hardships.

We, as one, have caused each other great despair.
Yes, at times we thought our friendship lost all its vitality;
yet, the indications had only led us astray.

We, as one, felt doubts creep in, assailing us.
Yes, fears within led us to falter;
yet, these trials and tribulations promised strength.

We, as one, created the peaks and the valleys.
Yes, we knew there could never be peace without pain;
yet, our unfailing faith never betrayed us.

We, as one, have grown closer through our experiences.
Yes, we've learned so much;
AS ONE WE SHALL ALWAYS REMAIN!!!

Hey now Amy! The past three years have been great! Our friendship has grown closer than ever. You added craziness into my life — Where would I be without you? I certainly could not spell and who would help me eat lunch? You still owe me a picnic. Did you write in your log? Even though you couldn't go to San Simeon and I to Hawaii, we at least had *DALLAS!* Anacel — dear friend — thanks for putting up with my playful banter. I hope your "dancing dreams" come true. Alexea, thanks for putting up with me. I hope your next 2 years of H.S. are great. Thank you Dawn, Mike, Lynn, Maude, Laura, Seth, Sue, Joanna, Shari, Christine, and Mary for making life fun. Hi Katie! Last but not least, thanks Mommy and Daddy for all of your love and support. I would not have been able to go as far as I could.

Leslie Rango

I have 198 picas to express all that I have felt, learned and experienced in the past 6570 days. It is impossible. I will just say, "Thank you" to those individuals who really loved, cared, and supported me, no matter what I did. 1st my parents & only sis, Carrie. Thank you for understanding and guiding me in the path that I should follow. Kathy, thank you for opening your heart and home to me. Melissa, thank you for Gospel talks & RWC! Hyrum, thank you for my first "Real" date, and all the outings. Ray, thank you for challenging me for three years in math. Laurie, the lunches were delicious. THANK YOU! Lynn & Laura, thank you for 2 years of close friendship. I wish our differences hadn't gotten in the way. Heidi, thank you for all the sleepovers & being my only girl cousin. Stephen, I thank you for us, and for being you. Leslie, "our" yearbook is beautiful! Can you spell "assistant"? I'm hungry! How about a picnic? Should I make a log entry? Do your Am. Gov't! to everyone else, thank you 4 being your great selves. I love you all.

Gina,
It's been a lot of fun having you
in the period. Good luck in your future
and in all that you do. Cadillac Jack
always and I hope you make it in January
Please don't forget me because you're a Special

Gina
I've known you for six years.
I'd've heard pressed to find a lady
me with the joy and lightheartedness
attitude that you own. Thank you
for letting me be your friend and
I hope that you have a beautiful life.
May God bless you always.

Love, Jenney

Gina,
Hola, Well chick the end is here. We've talked and have had some good times. Lets keep in touch 588-2703. Have a nice summer. Dont get to drunk all the time.
Friends,
Dimple

Gina,

Man, remember way back in Jr. High. You & Dawn. Best Friends. What happened to her? I never see her anymore.

So, how has it been these past 3 years for you? For me, it could have been better.

Why didn't you go to Grad nite? You missed Exposé & Force M.D.'s & every other high school in the state of CA. Oh well. call me over the summer & tell me what you want on your wall.

267 4467 Love. /va Rosales

Gina,
It was nice
to have met you.
You're a sweet person
Stay that way.

Farewell

Gina
Hey its been great, I wish you all the luck as you head out to College I hope to see you again, youre a very sweet person and I will miss you alot,
467-7035 love your friend always
Jason Butler

It seeemd like it would never end, but now it is finally all over. An entire school year was spent producing this yearbook — in fact, many sweated over it. We wanted to produce a sizzling yearbook and we did.

Putting the finishing touches on this yearbook required many class and after school (pizza) workshop hours. Amy, whenever I think of mushroom and olive pizza, I will always be reminded of you. You have always been there to lend a helping hand and an ear to my problems. As I could not spell "assistant," I would not have been a good Editor-in-Chief if you had not been around. Who would have helped me to spell? Even though you "blew up" over your senior pages (and also the seniors themselves,) your sections turned out great. To my other Senior Editor, Anacel, how fast can you type?! Not only did you type *ALL* the senior memories, but you brought your enthusiasm and zaniness to the staff. An extra thanks Anacel for teaching us the Hawaiian words for dog, pig, and grandmother. They shall definitely come in handy someday! Dawn, do you have anymore DP or Ibuprofen left? You deserve my extra special thanks for all the work you did. It may not seem, to others, that you did a lot of pages, but I shall remember how hard you worked, doing things twice. Remember the Freshman Section? I could always depend on you! Angie, did you like those late night beach homework assignments? That was part of your job as Assistnat Editor and you did a great job. Thank you for spending the time to take those "hot" photos. To both Mirasol and Lorri, the time you spent indexing was greatly appreciated. You spared everyone that agonizing job. Esther and Yvonne, thanks for keeping the darkroom neat and getting all those pictures out on time. To the rest of the staff: Leianna, Chles, Jennifer, Carrie, Shari, Vicki, Shannon, Kassi, Joanne, Chri, Rob, Peter, Jackie, Anna, and Karen — everyone did super work, which made this yearbook great. Thank you Chuck, John, and Lloyd Anderson for the last minute developing and delivering. To Chuck Kerr, thank you for helping me organize my thoughts into producing this yearbook. Last, but not least, thank you Mr. White for your ideas and suggestions. Even though you "just work here," I would have been lost without your help and guidance. It has been a great year and maybe (?) I just might try this again. I wish the best of luck to the 1989 Mil Memorias Staff. I hope your yearbook turns out as "hot" as ours. Farewell Mount Miguel and may your future years prosper as ours has!

GINA: Words can't express how The years have gone. All the time we did, sesh. Your a totally Rad Friend & I wish I could repay you for the help. When Shannon left me I lost it, but you helped understand & gave me that extra push I needed to get going again. We know how people talk about us an think we have or do fuck around. We are the only ones who know the truth and that it would never happin because if it were to be it would of a long time ago. Well Anyways I just want to say you'll always be a special kind of person to me no matter WHAT

Gina,

Im glad that weve become friends, and stayd friends through everything. You know ill always love David, nothing could ever change that, not even time. I wish sometime that I could turn back the hands of time and go back to the way it used to be. I really miss him & I'll always cry. Im just glad that we have stayed close. I dont think I could or would have survived without yours and David's help. You both mean the world to me and all the memories will always be there. I wish I could heal all the wounds, but I cant. All I can do is live with myself. I hope you can, too.
